Venue: Arts, Science, and Commerce College, Rahata

Participants: Non-Teaching Staff

The Internal Quality Assurance Cell (IQAC) of Arts, Science, and Commerce College, Rahata, organized a training program on “Tally ERP 9.0 and Vridhhi” during Monday, 6th May 2020 to Tuesday, 14th May 2020. The objective of the training program was to enhance the accounting and administrative skills of the non-teaching staff, ensuring effective utilization of these software tools for better management and operational efficiency.

Tally ERP 9.0: Tally ERP 9.0 is a regularly used accounting software that simplifies financial management for businesses and institutions. The training covered fundamental to advanced features of Tally ERP 9.0, including record management, GST compliance, payroll management, and financial reporting.

Vridhhi: Vridhhi is a college management software that assists in managing various administrative tasks such as student information, attendance, examination results, and other institutional data. The training focused on the efficient use of Vridhhi for whole administration.

The training program spanned over nine days, with each day dedicated to different aspects of Tally ERP 9.0 and Vridhhi. The sessions were conducted by **Mr. Sagar Wani, Accountant, Industrial Training Institute, Rahata** experienced trainer, who provided hands-on training to the participants. Below is a brief overview of the training schedule:

Day 1-3: Introduction to Tally ERP 9.0

Day 4-6: Advanced Features of Tally ERP 9.0

Day 7-9: Introduction to Vridhhi

Total 13 Administrative staff actively participated in this Programme. The interactive sessions allowed participants to clarify doubts and gain practical knowledge of using the software. Hands-on exercises and real-time problem-solving activities were integrated into the sessions to enhance learning outcomes.

The feedback from the participants was positive. They appreciated the systematic approach of the training and the expertise of the trainers. All participants expressed their confidence in applying the skills learned to their daily tasks, thereby improving the overall efficiency of the college's administrative and financial processes.

The training program on "Tally ERP 9.0 and Vriddhi" organized by the IQAC of Arts, Science, and Commerce College, Rahata, was a resounding success. It not only equipped the staff with important skills but also contributed to the institution's commitment to continuous improvement and excellence in administration.

The Internal Quality Assurance Cell (IQAC) of Arts, Science, and Commerce College, Rahata, organized a training programme on “Basics of Computer and Internet” from Friday, 3rd May 2019 to Saturday, 11th May 2019. The primary objective of the programme was to equip the staff with fundamental computer and internet skills, essential for effective day-to-day operations and enhancing digital literacy.

The training programme was designed to cover essential aspects of computer usage and internet navigation. The sessions were personalized to meet the needs of beginners and those with limited computer skills. Key topics included basic computer operations, internet browsing, email communication, and the use of essential software applications.

The nine-day training programme was structured to provide comprehensive and practical knowledge through interactive sessions. Below is a detailed schedule of the training sessions:

Day 1-2: Introduction to Computers

Day 3-4: File Management and Word Processing

Day 5-6: Spreadsheets and Presentations

Day 8: Email Communication

Day 9: Practical Applications and Q&A:

Total 13 Administrative staff actively participated in this Programme. The sessions were interactive, with hands-on exercises that allowed participants to apply what they learned in real-time. Trainer Mr. Prashant Dange, Shri Saibaba Institute of Engineering, Research, and Allied Sciences, Rahata provided individual assistance to ensure that all participants were able to follow along and grasp the concepts effectively.

Participants provided positive feedback, highlighting the clarity of instruction and the practical significance of the topics covered. Many expressed their appreciation for the opportunity to enhance their digital skills, which they found crucial for their professional responsibilities.

The training programme on “Basics of Computer and Internet” organized by the IQAC of Arts, Science, and Commerce College, Rahata, successfully achieved its goal of improving digital literacy among the staff. The programme not only built confidence in using computers and the internet but also underscored the importance of ongoing professional development in adapting to technological advancements.
