

**1.3.2. Number of courses that include experiential learning through project work/ field work / internship during the year (2020-21)**

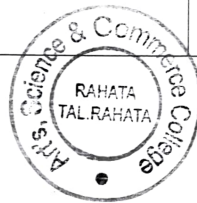

| Sr. No. | Class             | Name of the course that include experiential learning through project work/ field work / internship | Course code | Name of the Student studied course on experiential learning through project work, field work/ internship | Name of the project                          | Name of the guide   |
|---------|-------------------|-----------------------------------------------------------------------------------------------------|-------------|----------------------------------------------------------------------------------------------------------|----------------------------------------------|---------------------|
| 1.      | T.Y.B.Sc. Physics | Laboratory Course III (Project)                                                                     | PH-349      | Bhambare Priti Rangnath                                                                                  | Solar Dryer                                  | Mr. Kalhapure S.A   |
| 2.      | T.Y.B.Sc. Physics | Laboratory Course III (Project)                                                                     | PH-349      | Yadav Harshada Annasaheb                                                                                 | LED Roulette Circuit                         | Dr. S. R. Potdar    |
| 3.      | T.Y.B.Sc. Physics | Laboratory Course III (Project)                                                                     | PH-349      | Ghorpade Nikita Popat                                                                                    | Synthesis of Polyaniline of various methods. | Dr. V.P Bhalekar    |
| 4.      | T.Y.B.Sc. Physics | Laboratory Course III (Project)                                                                     | PH-349      | Taskar Prajкта Sandip                                                                                    | Laser Security Alarm                         | .Dr. S. R. Potdar   |
| 5.      | T.Y.B.Sc. Physics | Laboratory Course III (Project)                                                                     | PH-349      | Tandale Aarati Shivanand                                                                                 | Liquid Flat Plate Collector                  | Mr. Kalhapure S.A   |
| 6.      | T.Y.B.Sc. Physics | Laboratory Course III (Project)                                                                     | PH-349      | Dange Mayuri Subhash                                                                                     | Audio Frequency Amplifier                    | . Dr. S. R. Potdar  |
| 7.      | T.Y.B.Sc. Physics | Laboratory Course III                                                                               | PH-349      | Londhe Kirti Ravindra                                                                                    | Synthesis of Polyaniline of various methods. | .. Dr. S. R. Potdar |
