Permission

Date: 16/06/2022

To,
The Principal,
SSRI's,
Arts, Science and Commerce College,
Rahata.

Subject: - Permission to conduct a certificate course on Soil and Water Analysis.

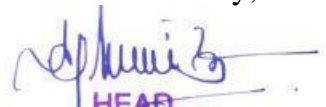

Respected Sir,

With reference to the above-mentioned subject, Department of Chemistry is going to organize certificate course for undergraduate students of science faculty on "Soil and Water Analysis" from 01st July, 2022 to 30th September, 2022.

So, kindly give the permission to run this certificate course in the second semester of the academic year 2022-23.

Thank you.

Yours Sincerely,

HEAD
Dept. of Chemistry
Art's, Science & Commerce College,
Rahata, Dist. Ahmednagar

Department of Chemistry
REPORT

TITLE OF THE CERTIFICATE COURSE : Soil and Water Analysis
COURSE DURATION : 01st July, 2022 to 30th September, 2022.
TIME : 11:35 am -12:35 pm
ORGANISED BY : Department of Chemistry,

The Department of Chemistry has organized Certificate Course on “Soil and Water Analysis” for the undergraduate students from 01st July, 2022 to 30th September, 2022..

The main objective of this soil and water testing course is to determine fertility status and suitability as plant growing mediums. The sample of soil and water are collected from various villages of Rahata Taluka like Adgaon, Kelwad, Nirmal Pimpari, Khadke wake, Pimplas, Sakuri, Wakadi, Ranjangaon etc.

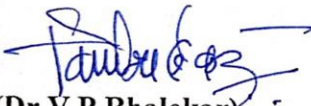

The soil and water analysis is based on the measurement of P^H by using Water Analyzer Kit and P^H meter. The Electrical conductivity is measured to qualify the amount of soluble salt. The method of water analysis quantifies the amount of dissolved salt of calcium and magnesium ion and carbonates, bicarbonates and chlorides from the irrigated water sample.

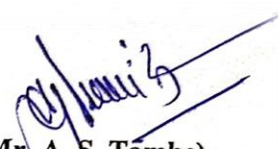

Total 124 students of F.Y.B.Sc and T.Y.B.Sc participated in the course and evaluation of the course was carried on 03/10/2022. The successful students have awarded with certificates.

All the staff of Chemistry Department co-operated and supported for the success of course. Miss. S.Y. Rahane worked as Coordinator and taken outstanding

efforts for smooth conductance of the course. Dr. Mahesh Kharde, Director of SSRI and Prof. Dr. S.S. Gholap, Principal of the college motivated and supported for the organization of this course.

Report on
Certificate Course in Indian Constitution -2022-23

Name of the Course	:	Certificate Course in Indian Constitution
Duration	:	16/08/2022 To 20/09/2022 (30 Days)
No. of Student participated	:	107
No. of Teacher Participated	:	02
Objective of the activity	:	To aware student regarding Indian Constitution, values, powers, and duties.
Possible outcomes	:	Students are promoted regarding Indian Constitution awareness education, training, and advocacy.

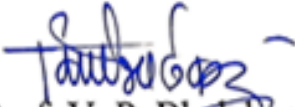

In higher education, the study of Indian Constitution has gained much attention due to its crucial role for developing personality and recognition of fundamental rights. The institute has realized its importance and therefore decided to organize this course.

Therefore, the Department of Political Science had conducted a certificate course on Indian Constitution for student from all faculties. The main objective of course was to highlight the importance of understanding Indian Constitution. The Course ensures that all the students get information about equality, liberty and justice.

Miss. S.J. Jagtap and Ms. P.B. Pendbhaje have delivered the expert lectures as per curriculum designed (30L). Altogether 107 students completed the course. Evaluation of the students was carried out on, 26/09/2022, at 12.00 to 1.00 pm. The details of examination conducted and list of marks is attached herewith.

The Department of Political Science expresses its gratitude to the Principal, Vice Principal, Subject Experts, and the IQAC Coordinator of A. S. C. College, Rahata, for granting permission and providing learning resources at various stages of the course.

Report on

SKILL DEVELOPMENT COURSE- SOAP AND DETERGENTS

A Skill Development Course on Soap and Detergents aimed to furnish participants with practical knowledge and skills in the formulation, production, and quality control of soaps and detergents. This report outlines the key aspects covered during the course, including theoretical foundations, practical applications, and the overall learning experience.

The Department of Chemistry, Arts, Science and Commerce College, Rahata organized Skill Development Course in Soap and Detergents for the benefit of U.G students. The course was conducted from 19th September 2022 to 03rd December 2022. Total 62 students were benefited with this course.

The course covers 19 lectures and 19 practicals. During the period of course, the students were taught about the uses and production procedures in soap and detergents. The course is useful for enhancing employability as well as 'Entrepreneurial' abilities of the students.

The Soap and Detergents Skill Development Course provided participants with comprehensive training in the science and practice of soap and detergent manufacturing. By integrating theoretical knowledge with practical applications,

the course furnished participants with valuable skills essential for pursuing career in the chemical industry.

After successful completion of the course, all the participated students were awarded with the certificates.

Report

LED Light Repair Technician

27th December 2022

The Department of Physics conducted a certificate course on LED Light Repair Technician, spanning from 7th November to 24th December 2022. The course was designed in alignment with the Skill India Mission Program initiated by the Government of India, with the primary objective of equipping students with practical skills and knowledge in the field of electronics, particularly focusing on LED technology.

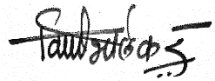

The course was aimed to impart a fundamental understanding of electronics and LED technology, enabling participants to develop hands-on skills in LED repair and assembly according to the recommended quality standards. Additionally, the course sought to create awareness among students about the applications and significance of LED technology in modern-day electronics.

The syllabus covered a blend of theoretical knowledge and practical application. The course content included the basics of electronics and LED technology, LED circuit design and assembly, adherence to quality standards and safety measures in LED repair, and troubleshooting techniques for LED devices. The balanced approach between theory and practical sessions ensured that students gained a comprehensive understanding of the subject matter.

The course was particularly noted for its focus on hands-on experience, allowing students to apply theoretical knowledge to real-world scenarios, thereby enhancing their problem-solving skills and technical expertise. By the conclusion of the course, participants had acquired essential skills in LED technology, which will serve them well in future technical roles or entrepreneurial endeavors.

The theory classes were conducted by Dr. S. R. Potdar and Dr. V. P. Bhalekar handled the practical sessions. 30 students from the Second Year and Third Year B.Sc. classes actively participated in the course and certificates were distributed to them after successful completion. Their dedication and enthusiasm were evident throughout the duration of the course, as they

engaged deeply with both the theoretical and practical components. Feedback forms were collected to gather insights into the course's effectiveness and to identify potential areas for future improvement.

Advanced Communication Skills in English

(2022-23)

Report

In the academic year 2022-23, the Department of English of Arts, Science and Commerce College, Rahata has conducted an add-on course “Advance Communication Skills in English” The course started on 5th April 2023 after the regular classes. The introductory session was taken by Dr. Rohini Kasar, Head, Department of English and Ms. Pranali Bothe. This 30 hours course comprises both theoretical and practical modules. The syllabus covered the key areas like grammar and vocabulary, verbal communication, public speaking, business communication, interview skills.

Total 103 students actively participated in the course. Based on the participant's feedback, the course has proven to be effective in achieving its objectives. The lectures taken by Dr. Rohini Kasar and Ms. Pranali Bothe. At the end of the course certificates distributed among the participants. Prof. (Dr.) S. S. Gholap, Principal motivated for conducting such an activity for the students. Participants who completed the course have shown an improvement in their English language proficiency. They have developed a better grasp of grammar rules, vocabulary etc.

Department of Chemistry
Report on
Add-On course on “Basic Concepts in Spectroscopy”

The Department of Chemistry has organized the Add-on course “**Basic Concepts in Spectroscopy**” during **10th February 2023 to 30th March 2023**. The aim of this course is to provide the basic knowledge of Visible ,UV-visible IR ,NMR spectroscopy to the students.

During the course Dr.A.G.Gadhawe, Mr.R.B. Nirmal and Dr.G.D.Shirole delivered the lectures on the topic Spectroscopic Techniques . Mr. R. B. Nirmal explained the useful information about UV visible spectroscopy and Dr G. D. Shirole explained the information on Infrared Spectroscopy. Students learnt the techniques of handling instruments of UV-visible spectroscopy. In the concluding session Dr. A.G. Gadhave delivered the informative lecture on the problem solving on the 2D spectroscopy.

Total 105 students participated in the course and their performance was evaluated on 04/04/2023 .The certificate were distributed to the successful students.

The Department of Chemistry is thankful to Director, Principal, Vice Principal, IQAC coordinator of A.S.C. College Rahata for granting permission and making availability of learning resources.

Add-On Course: “Vedic Mathematics”
(15May 2023 to 31 May 2023)

Report

The Department of Mathematics of Art's, Science and Commerce College, Rahata has organized the Add-On-Course on the topic “**Vedic Mathematics**” during the period of **15 May 2023 to 31 May 2023**. This add-on course aims to provide simple techniques of difficult calculations with speed in less time and which is also applicable in our daily transactions.

Vedic Mathematics is a collection of Methods or Sutras to solve numerical computations quickly and faster. It consists of 16 Sutras called Formulae and 13 sub-sutras called Sub Formulae, which can be applied to the solving of problems in arithmetic, algebra, geometry, calculus, etc. All the sutras and sub sutras of Vedic maths help to perform mathematical operations quickly and accurately. We tried to overview 16 sutras in stipulated time.

In this course total 31 students were participated and they successfully completed the course. Dr.B.D.Gavhane, Prof.P.S.Gholap and Prof.T.K.Kumkar has delivered the lectures during the course period.

The Department of Mathematics is very thankful to Director, Principal,Vice Principal and IQAC coordinator of A.S.C. College Rahata for providing permission and making availability of learning resources at various stages of course.

Report
Certificate Course in Human Rights -2021-22

Name of the Course	: Certificate Course in Human Rights
Duration	: 10/01/2022 to 14/02/2022
No. of Student participated	: 100
No. of Teacher Participated	: 02
Objective of the activity	: To aware students regarding human rights, values, powers, and duties.
Possible outcomes	: Students are promoted regarding human rights awareness education, training, and advocacy.

In higher education, the study of human right has gained much attention due to its crucial role for developing personality and recognition of fundamental rights. The institute has realized its importance and therefore decided to organize this course.

Therefore, the Department of Political had conducted a certificate course on human rights for student from all faculties. The main objective of course was to highlight the importance of understanding in human rights in today's global contexts. The course content provided was found effective to build capacity to identify issues and problems relating to realization of human rights. It also helped to strengthen the ability to contribute to the resolution of human rights issues and problems.

Miss. S.J. Jagtap and Mr. V.P. Sonavane has delivered the expert lectures as per curriculum design (30L). Altogether 100 students from B.A, B.Com and B.Sc. have completed the course. The completion of course followed by 50 marks

examination. The details of examination conducted and list of marks is attached herewith.

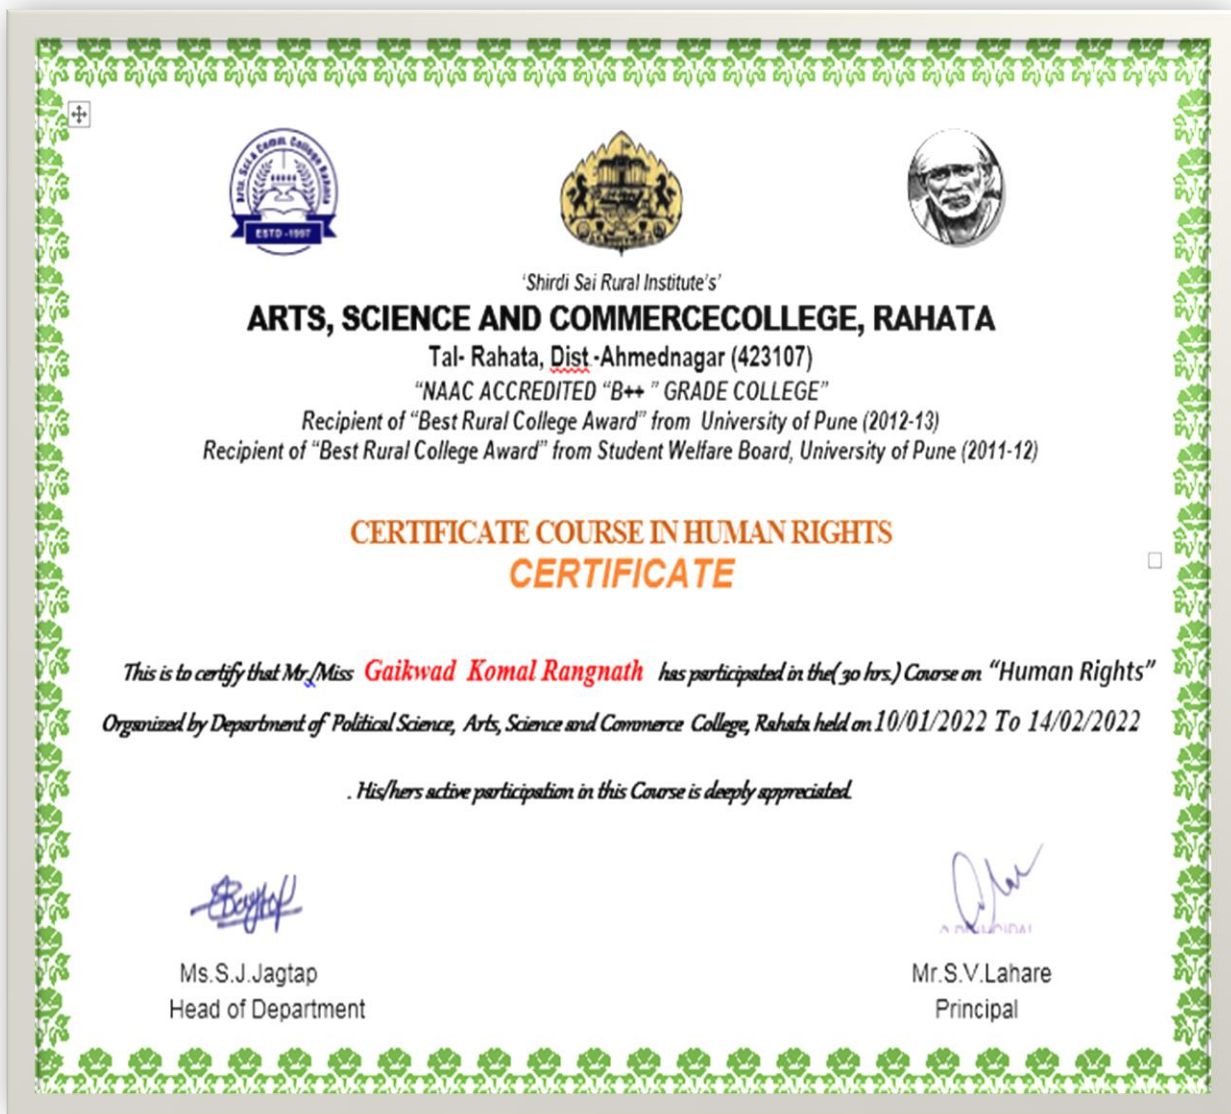

An examination was held on Friday, **21th February 2022** at 11.00 am to 12.00 noon. The Question paper was prepared to assess the knowledge gained. The objective type of question based on curriculum. The successful candidates honored with certificates.

The Department of Political Science expresses its gratitude to the Principal, Vice Principal, Subject Experts, and the IQAC Coordinator of A.S.C. College, Rahata, for granting permission and providing learning resources at various stages of the course.

REPORT OF THE COURSE

.....

TITLE OF THE CERTIFICATE COURSE :Soil and Water Analysis

COURSE DURATION : 01st April 2022 to 30th June 2022

TIME : 11:35 am -12:35 pm

ORGANISED BY : Department of Chemistry

The Department of Chemistry has organized Certificate Course on “Soil and Water Analysis” for the undergraduate students from 01st April 2022 to 30th June 2022.

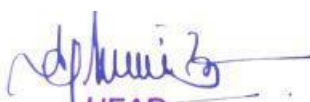

The syllabus framing for the course was done in the presence and guidance of experts such as Dr. B. K. Uphade (Associate Professor, PVP College, Pravaranagar), Mrs. C. S. Karle (Assistant Professor, ACS College, Satral), Prof. A. S. Tambe (Head Department of Chemistry) and Dr. G. D. Shirole (Associate Professor, ASC College, Rahata).

The main objective of this soil and water testing course is to determine fertility status and suitability as plant growing mediums. The sample of soil and water are collected from various villages of Rahata Taluka includes Adgaon, Kelwad, Nirmal Pimpri, Khadkewake, Pimplas, Sakuri, Wakadi, Ranjangaon etc.

The soil and water analysis is based on the measurement of pH by using Water Analyzer Kit and pHmeter. The Electrical conductivity is measured to qualify the amount of soluble salt. The method of water analysis quantifies the amount of dissolved salt of calcium and magnesium ion and carbonates, bicarbonates and chlorides from the irrigated water sample.

Total 110 students of B. Sc. participated in the course. The evaluation of students was carried out by MCQ test on 04th July 2022. The certificates were given to students after successful completion of the course. All the staff of Department of Chemistry co-operated and supported for the success of course. Prof. A. S. Tambe worked as HOD and taken efforts for smooth conductance of the course. We are very much thankful to Dr.

Mahesh Kharde, Director of SSRI and Prof. S. V. Lahare, Principal of the college for continuous encouragement and support for the successful organization of the course.

Report

On

“Certificate Course on Sericulture”

The Department of Zoology has organized a Certificate Course on Sericulture from 04th April to 11th May 2022.

The syllabus of this course is approved by the Dr. S. D. Nalkar (Sr. Scientist and Head Krishi Vigyan Kendra Babhaleshwar). The lectures and practicals were conducted by Dr. V.R. Pawade and Mr. S.D. Talole. Total 30 students of commerce faculty enrolled and successfully completed the course. The students were evaluated by taking theory examination of 25 marks. The certificates were distributed to the successful students.

The department is thankful to the Director and Principal for providing the necessary facility for the course.

At the end of the course, students understand:

- The Basic Concept of Sericulture.
- The Market of raw silk and their role in the Silk Industry.
- The Government Scheme for Sericulture.

“Certificate Course on Mushroom Cultivation”

Department of Botany of Arts, Science and Commerce College, Rahata, has been organized a **“Certificate course on Mushroom Cultivation”** during the period of **18th April 2022 to 3rd May 2022**. This is a certificate course aims to provide subject-matter and manual knowledge on mushroom cultivation and to popularize its advantageous farm economics. It thoroughly describes and infuses the theory and practical knowledge on subject. Hon'ble Principal Mr. Sanjay V. Lahare gave the welcome speech and Introduction. Hon'ble Director Dr. M. N. Kharde, SSRI gave the presidential address.

In this certificate course total 69 students were participated and they successfully completed the course. During the period of the course one day training programme (4 Hrs) on 25th April, 2022 was also organized for the practical knowledge of mushroom cultivation. Prof. Varpe S.N., Nutan Arts, Commerce and Science College, Rajapur Mr. Jay Pathave, Premium Mushroom and Mr. Ravindra Ghane CEO, Premium Mushroom were the Resource Persons for the Training Program on Mushroom Cultivation. These resource persons guided and gave practical knowledge regarding mushroom cultivation to the students.

- Prof. Varpe S. N. delivered a talk on uses and significance of Mushroom Cultivation with the help of power point presentation.
- Mr. Jay Pathave, guided the students on Benefits and Marketing strategies of Mushroom Cultivation.
- Mr. Ravindra Ghane gave Practical Demonstration of Mushroom Cultivation.

Dr. V.S. Patil, Assistant Professor, Department of Botany delivered the vote of thanks. The certificate course was really fruitful and will definitely help the youth to choose their career.

Report on
Certificate Course in Human Rights -2020-21

Name of the Course	: Certificate Course in Human Rights
Duration	: 01/07/2020 To 06/08/2020 (30 Days)
No. of Student participated	: 100
No. of Teacher Participated	: 02
Objective of the activity	: To aware student regarding human rights, values, powers, and duties.
Possible outcomes	: Students are promoted regarding human rights awareness education, training, and advocacy.

In higher education, the study of human right has gained much attention due to its crucial role for developing personality and recognition of fundamental rights. The institute has realized its importance and therefore decided to organize this course.

Therefore, the Department of Political Science had conducted a certificate course on Human Rights for student from all faculties. The main objective of course was to highlight the importance of understanding in human rights in today's global contexts. The course content provided was found effective to built capacity to identify issues and problems relating to realization of human rights. It also helped to strengthen the ability to contribute to the resolution of human rights issues and problems.

Mr. S.R. Patharkar and Miss. S.J. Jagtap have delivered the expert lectures as per curriculum design (30L). Altogether 100 students from B.A, B.Com and B.Sc have completed the course. The completion of syllabus followed by examination of 50 marks. The details of examination conducted and list of marks is

attached herewith.

An examination was held on Friday, 14th August 2020, at 11AM to 12PM. The Question paper was prepared to assess the knowledge gained. The objective type of question based on curriculum. The successful candidates honored with certificates.

The Department of Political Science expresses its gratitude to the Principal, Vice Principal, Subject Experts, and the IQAC Coordinator of A. S. C. College, Rahata, for granting permission and providing learning resources at various stages of the course.

Report on
“Repair & Maintenance of Electrical home appliances”
(03/08/2019- 27/12/2019)

India is a developing country in the world. The development of India is in different sectors with different growth rate. One of the very important sectors is home appliances industry. Large number of products like tube light, washing machine, fridge, stabilizer, inverter, cooler, water heater, geyser, fan, vacuum cleaner, blower, etc. and many more are manufactured on bulk numbers. The regular use and demand of these products is increasing day by day, which is indication of overall development of India. The large growth in home appliance production industry in India also increases demand of skilled manpower who can handle repair and maintenance of these products. However sufficient manpower is not available in this field which can handle these products with skill. On other side, in rural area job opportunities are not available for people due to lack of skill in this field.

The Department of physics, A. S. C. College, Rahata, had organized a Certificate Course on Repair and Maintenance of Electrical Home Appliances, with help of SSRI's Industrial Training Centre, Rahata. The objective of the program was to provide knowledge and skill to the students of Physics in this sector. The Certificate Course Program was conducted from 3 August 2019 to 27 December 2019, having 30 Lectures equivalent to 2 credits. The theory lectures were conducted by faculty of Physics department and Electrical department of ITC, Rahata. The practical sessions were conducted by faculty of electrical department, ITC, Rahata at workshop of ITC, Rahata. Four teachers from Physics department and two instructors from ITC, Rahata carried out the course. Total 128 students from F. Y. B. Sc. and S. Y. B. Sc. physics had participated in course. The examination of certificate course was conducted by ITC, Rahata on 20/12/2019

and all participants successfully completed the Course. The result is declared on 27/12/2019 and certificates are distributed on same day at 11 am.

The department of physics is very Thankful to Principal, Vice Principal, Teaching and non-teaching staff of A. S. C. College, Rahata, as well as Principal, Teaching and non teaching staff of ITC, Rahata, for providing permission and making availability of learning recourses at various stages of course.

Subject- Regarding permission to conduct certificate course in 'Basic Computer Skill'

Respected Sir,

With reference to above subject, the Department of Commerce is organizing a certificate course in **"Basic Computer Skill"**, for first year B. A / B. Sc. and B. Com students. The course is aimed to give the basic knowledge and understanding of computer terminologies and concepts. It also helps students to understand basic computer security and maintenance.

Kindly consider our request and permit us to conduct the certificate course.

Thanking you,

Yours Faithfully

Rexine Bag Making Certificate Course 2019-20

4/07/2019 to 27/09/2019

Report

The Rexine Bag Making Certificate Course for the academic year 2019-20 was conducted at Arts, Science and Commerce College, Rahata, spanning from 4th July 2019 to 27th September 2019. The institution always thinks about the skills and personality development of the students. The course aimed to equip participants with practical skills in designing and producing Rexine bags, catering to the growing demand for eco-friendly and stylish alternatives to traditional materials. The course made up basically for the girl students of each stream.

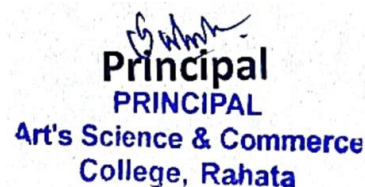

Total 121 girl students participated in this certificate course actively. Participants benefited from the guidance of instructor Ms. Bothe P. G. with expertise in bag making. The course emphasises on practical learning through practical sessions. The course not only addressed the demand for skilled bag makers but also contributed to sustainable fashion practices by promoting the use of Rexine materials.

“Research and Analytical Skills”
SEMESTER I
Report

A Value added course “Research and Analytical Skill” was organized from 20th August 2019 to 20th September 2019 in first semester for the Science faculty students by the Department of Chemistry. The course is designed to learn the chromatographic techniques like paper chromatography, thin layer chromatography, and gas chromatography(GC) and High Performance Liquid Chromatography(HPLC) in detail. It includes the theoretical knowledge as well as the hands on experiments. The course enhances the practical aspects of the participants through the examples of pharmaceutical dosage, alloys, and synthetic mixture. The course is designed in order to strengthen basic concepts in experimental chemistry.

The course has improved the practical knowledge of the students so that they can work independently. The duration of this course is four weeks. Total 48 students registered for the course and certificates were distributed after successful completion.

The department of chemistry is grateful to the Principal and other staff who made this course successful.

A report on

“Interview Skills”

The Department of Chemistry has organized a course on Interview Skills from 4th Jan to 10th Feb 2020 for the UG and PG students. During the course the students were guided about values and professional ethics, she said that Positive attitude and honesty are the important value one skilled that makes you desirable for a job role is honesty. At the beginning brief outline and introduction was done by Principal Dr. B. K. Salalkar. He said an interview is a place to showcase your personality, highlight your strength and leave positive impression on the employer. The interview skills is about the positive attitude, communication skills and active listening.

Mr.A.S.Tambe gave talk on capacity building. In his lecture he said that verbal and nonverbal communication is important during an interview. Employers will pay close attention to the non-verbal cues you portray. Time management skills are important because they show that you can plan, prepare and organize your time. During the course Dr.G.D.Shirole, Dr. B.K.Uphade has given information about the opportunity in research analytical techniques and sample analysis. Dr.S.S.Gholap guided students for preparation and presentation of application for interview and curriculum vitae.

Mr. Amol Gavande, Mr. Mahesh Dange, Mr. Kunal Jagtap professional from industry, discussed about various procedures and method of handling of analytical instrument. They further highlighted on research and development activities and explained basic principles of any industrial process. Dr.S.R.Potdar, Dr.Harish Dube has delivered talk on various opportunities of careers in the industry. Motivation and moral support are necessary during the interview. Mr. R.S.Narode, Mr.A.R. Pagare gave ideas about various departments in chemical industry and conducted group discussion with students. The students were assessed by Mr R. B. Nirmal and MrR.B.Dhavale through mock interviews of the student. This training program was attended by 117 students. After the successful completion of the course the certificates were distributed among the participants.

The department is grateful to the principal, resource person and other staff who made this training successful.

Report

The department of commerce has organized the course on Principles for Value Based Education from 01/07/2019 to 25/09/2019.

The students will learn to adopt and implement the suitable values at appropriate time, understand various challenges in value adoption in this contemporary world, use the 'Reflection method' to explore values from inside out. The course is expected to acquaint students with the core values such as physical, mental and spiritual aspects of personality. The course at the end aims to develop respect for the dignity of individual and the society, inculcation of spirit of patriotism and national integrity and developing tolerance towards understanding of different religious faiths.

173 students participated in the course and after the evaluation for the outcome the certificates were distributed to students. The course enabled students to be a better professional through effective communication. Students learnt skills to present themselves in an effective manner while facing interviews or similar test for placements.

Report on
Certificate Course on Nursery Management
Year 2018-19**

Date-01/08/2018 to 30/09/2018

Nursery is a place where planting material, such as seedlings, saplings, cuttings, etc., are raised, propagated, and multiplied under favorable conditions for transplanting in prepared beds. The availability of quality and true-to-type planting material is the prerequisite of successful and remunerative ornamental crop production. Setting up of a nursery is a long-term venture, and requires planning and expertise. In a nursery, plants are nurtured by providing them with optimum growing conditions to ensure germination. Nursery saves considerable time for the raising of the next crop.

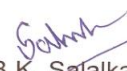

Our A. S. C. College, Rahata is located in rural area and the student of our college belongs to the family of farmers. This course provides the opportunity to the rural area students to get Nursery business knowledge.

The Department of Botany, A. S. C. College, Rahata, organized a Certificate Course on Nursery Management, with help of Mauli Nursery, Rahata. The objective of the program is to provide knowledge and skill to the students of Botany in this sector. The Program is arranged between Augusts to September 2018, having 40 Lectures equivalent to 2 credits. The theory lectures are conducted by faculty of Botany department. The practical sessions are conducted by faculty of botany department, A.S.C. College, Rahata and Mauli Nursery, Rahata. Total 154 students from F.Y. BSc. and S.Y. BSc. Botany have been participated in course and successfully completed the Course. This nursery business is definitely useful to the students for their future purpose.

The department of Botany is very Thankful to Principal, Vice Principal, Teaching, and non-teaching staff of A. S. C. College, Rahata as well as manager and all staff of Mauli Nursery, Rahata for providing permission and making availability of learning recourses at various stages of course.

Name of the Course: Introduction to Goods and Services Tax

Duration- 3 Months

(10th December 2018 to 10th March 2019)

Report

Introduction:

The Certificate Course on Goods and Services Tax (GST) is designed to provide participants with complete knowledge and understanding of the GST framework implemented in India. GST is one of the most significant tax reforms in the country, aimed at simplifying the indirect tax system and promoting ease of doing business. This report outlines the objectives, structure, and benefits of the certificate course on GST.

Objective of the Course:

- ❖ Knowledge about conceptual framework of the GST
- ❖ Knowledge about various components of GST.
- ❖ Types of taxes under GST
- ❖ Registration process under GST for business establishments

Course Structure:

The certificate course on GST is structured to cover the following key modules:

- ❖ Constitutional Background of GST,
- ❖ Concepts and definition of GST.
- ❖ IGST, CGST and SGST
- ❖ Input and Output Tax credit
- ❖ Procedure for registration under GST.

Benefits:

Participation in the certificate course on GST offers the following benefits:

1. Participants gain in-depth knowledge and understanding of GST principles, enabling them to navigate the difficulties of the GST framework with confidence.
2. The course enhances participants' professional skills and identifications, making them more competitive in the job market and better equipped to handle GST-related responsibilities.

Conclusion: The Certificate Course on Goods and Services Tax (GST) is a valuable opportunity for individuals seeking to enhance their understanding and skill in GST compliance and

management. By providing full visions into the GST framework and its practical implications, the course equips participants with the knowledge and skills necessary to navigate the dynamic landscape of indirect taxation in India.

There were 166 students actively participated in the course 'Introduction to Goods and Services Tax'.

Spoken English Course
Report**

Department of English of Arts, Science and Commerce College, Rahata has conducted a Spoken English Course for the students of TY B Com and TY BSc in the first semester and for the students of SYBA, TYBA in second semester. The course is an attempt to improve the communication and speaking skills of students. The course typically focuses on grammar, vocabulary, pronunciation, conversational skills and writing skills. The department used lectures, group discussion, and role playing and audio sessions as the methods of teaching.

The department of English also conducted a syllabus framing workshop for the course Spoken English. The syllabus framing committee includes Prof. Bhandari D N, Prof. Susar S R and Prof. Rohini Kasar. The committee finalized the syllabus and suggested the various methods of teaching. The Spoken English course offered 30 hours in two batches of 30 students each, in the month of September and October from 04/09/2018 to 13/10/2018 as a first batch and in the month of February and March from 05/02/2019 to 13/3/2019. Total 60 students actively attended the lectures. Dr. Rohini Kasar and Ms. Pranali Bothe of English department were taught the whole syllabus. The aim of a Spoken English Course in English typically revolves around helping individual to improve their language skills, particularly in communication. The participants got certificate for the participation.

Report on
Certificate Course in Human Rights -2018-19

Name of the Course	: Certificate Course in Human Rights
Duration	: 06/08/2018 to 14/09/2018 (30 Days)
No. of Student participated	: 79
No. of Teacher Participated	: 02
Objective of the activity	: To aware student regarding human rights, values, powers, and duties.
Possible outcomes	: Students are promoted regarding human rights awareness education, training, and advocacy.

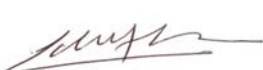

In higher education, the study of human right has gained much attention due to its crucial role for developing personality and recognition of fundamental rights. The institute has realized its importance and therefore decided to organize this course.

Therefore, the Department of Political had conducted a certificate course on human rights for student from all faculties. The main objective of course was to highlight the importance of understanding in human rights in today's global contexts. The course content provided was found effective to built capacity to identify issues and problems relating to realization of human rights. It also helped to strengthen the ability to contribute to the resolution of human rights issues and problems.

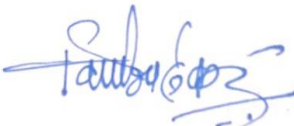

Mr. S.R. Patharkar and Miss. S.J. Jagtap have delivered the expert lectures as per curriculum design (30L). Altogether 79 students from B.A, B. Com and B. Sc have completed the course. The completion of course followed by 50 marks examination. The details of examination conducted and list of marks is attached herewith.

An examination was held on Saturday, 22 September 2018, at 11.00 am to 12.00 noon. The Question paper was prepared to assess the knowledge gained. The objective type of question based on curriculum. The successful candidates honored with certificates.

The Department of Political Science expresses its gratitude to the Principal, Vice Principal, Subject Experts, and the IQAC Coordinator of A. S. C. College, Rahata, for granting permission and providing learning resources at various stages of the course.
