REPORT

Department of NCC and NSS of Arts, Science and Commerce College, Rahata has been jointly organized “Zade Lava Zade Jagva Abhiyan 2022” on 11th August, 2022 and 12th August, 2022 under the guidance of Hon. Director Dr. Mahesh Kharde sir and Hon. Principal Prof. Sanjay Lahare Sir. This programme was organized for the reason that trees are very important in human life. We call the doctor who gives us oxygen for an hour as God and we do not value the trees which give us oxygen for the whole life. When we plant trees, greenery will spread around, pollution will be reduced, and air will be clean. Today the number of trees is decreasing due to which the balance of the environment is disturbed and its consequences are being suffered by man. So it is very important to plant trees and it is more important to take care of them. Even if one tree is planted from each house, there will be many trees. Planting and maintaining roadside trees will definitely benefit the travelers and also keep the environment under control. So keep those things in mind the said program was organized and planned to plant medicinal plants in nearby villages of Rahata Tahsil.

In this event we planted about 200 various kinds of plants with the help of our NCC Girls cadets, NSS volunteers and all teaching and non teaching staff of the college. Dr. V. S. Patil and Dr. S. R. Potdar have been taken efforts for the successful completion of the programme. Efforts have been taken to create awareness amongst the about tree plantation. So we aware them about all should plant trees. Trees are very important in human life. It is because of this that we get the oxygen we need. Also, the three basic needs of man are fulfilled from the tree, food, clothing and shelter. Tree is nature's gift to man. There is an unbreakable relationship between human life and trees. Trees are the beauty of nature. So we should preserve this beauty of nature and also enjoy it. For that we need to plant maximum number of trees.

REPORT ON VANMAHOTSAV- 2022

Department of Botany and Department of Geography of Arts, Science and Commerce college, Rahata have been jointly organized Vanmahotsav- 2022 on 8th July, 2022 and 9th July, 2022 under the guidance of Hon. Director Dr. Mahesh Kharde sir and Hon. Principal Prof. Sanjay Lahare Sir. Greenery, as a whole, helps in maintaining ecological balance. Since trees are such a vital part in the ecosystem, it is the duty of each and every individual to preserve vegetation and root for a healthy, pollution-free environment.

However, due to urbanisation and industrialisation, more and more trees are cut down every day. Deforestation is an emerging concern and Van Mahotsav aims to conflict the environmental imbalance caused due to this action. So the main aim of the programme was to inculcate the socialism within students. It aims to encourage students of our college to plant more and more trees. Deforestation is a serious concern, hence Van Mahotsav aims to bring more and more people together to grow and save forests in the country. The first week of July is just the right time for planting trees in most parts of India since monsoon joins that time. Therefore we planted trees and celebrated Vanmahotsav on 8th July, 2022 in nearby villages of Rahata tahsil.

In this event we planted about 500 various kinds of plants with the help of our college, students, NCC Girls cadets and teachers. Dr. Varsha Patil, Prof. C. M. Bansode, Miss. P. G. Bothe and Dr. S.R.Potdar have been taken efforts for the successful completion of the programme.

Women Empowerment and Prevention of Sexual Harassment Cell of Arts, Science and Commerce College, Rahata has organized a guest lecture for the students of Arts, Science and Commerce faculty on Saturday, November 12, 2022 at 9.30 am. College Loni**. The resource person **Dr. Manoj Patil** was felicitated by **Dr. Suresh Pulate**, the Vice Principal of the college.

The resource person Dr. Manoj Patil delivered his lecture on Gender Equality. He spoke about **various things about** Gender Equality. Dr. Manoj Patil showed a valuable path on the issue of equality between men and women. Patil said today we are entering the 21st century, but is there equality between men and women? Should there be equality between men and women? If there is equality, how should it be? You get to see various thoughts regarding this. It was from this question that a great revolution took place in the western country and feminism was born from it. Woman were also given all kinds of rights such as freedom, equality, education, political, social and economic and even today, various kinds of question marks are raised on feminism. So it still needs some improvements. Now a days some days are celebrated in the name of women eg. like International Women's Day, Mother's Day, are celebrated. There is no need for all these days because this day is like a custody. Therefore, it is not right to respect women for one day and keep them working for the rest of the days. What is equality between men and women? To provide equal opportunities to all women like men, to provide them with equal resources, to give them equal opportunities to develop their future, to give them economic partnership, social partnership, to involve them in the decision-making process at home, to give them equal opportunities in education, to achieve mutual consent. , to discuss

every subject among each other, giving the right to all means equality between men and women.

Honorable Vice Principal of the college Dr. Suresh Pulate presided over the program for this program. In his speech, he said that the students should take care of the important things regarding equality between men and women. CEREMONY COMMITTEE ANNUAL REPORT 2019-20

In Academic Year 2019-20 Freedom Fighters, Thinkers, Political Leaders Philosophers, Scientist, Indian Social Reformer, Kings, Sant, Mahatmas Birth Anniversary and Death Anniversary was celebrated. On the Occasion of Various Birth Anniversary and Death Anniversary, Dr. B. K. Salalkar Principal, Arts Science and Commerce College, Rahata was garlanded to photos. He delivered an introductory speech the freedom movement was so interwoven with social reform that those who picketed liquor shops were regarded as much as freedom fighters as those who participated in rallies for the demanding freedom from colonial rule. We have to thank Gandhi for this close integration, but even if we look at other streams of the freedom movement involving Shahid Bhagat Singh or Netaji Subhash Chandra Bose or Master Surya Sen, this high regard for social reform was very visible. Hence social reforms that we priorities should also be able to provide immediate relief to people in certain respects. Also, what we try to take forward should be broad-based and comprehensive, but at the same time it should not be complicated and complex. It should certainly not be dogmatic. The message of social reform should be simple, something people can identify with in real life and can interpret in their own context. the fact remains that social reform holds the key not only for reducing distress but also for changing personal and community/social life in ways that can provide conducive conditions for a constructive and positive approach to life, unleashing creativity and improving the world.
