### **Parent Teacher Association**

The Parent Teacher association is a formal organization of parents and teachers that is formed to get parents involved in their student's academics as well as to help and reform the college systems. Also, this association works effectively for conducting Parent Teacher meets, student support activities and other essential activities in the society. Parent's teacher association provide parents and teachers a mutual platform to work for the betterment of the institution, teaching and everything that influences the physical and intellectual growth of students. Association meeting helps both parents and teachers to involve and discuss and solve any particular issues they are facing.

The aim of the association is to make stronger correlation between the institution, parents and teacher which is fruitful for overall development of the institution and also to promote the welfare of students in home, society and community, to inform the parents regarding entire activities of the school and related activities from time to time, observing the student's interest in education and college.

Parent teacher association is very important for students. Complete development of student is assured through this association and tries to meet his needs. This association not only fulfils the needs of students but also of teachers and parents.
