SELF STUDY REPORT-CYCLE 3 2018-2023

Criterion: VII
Institutional Values and Best Practices

Key Indicator: 7.1 Institutional Values and Social Responsibilities

Metric: 7.1.2 (Q,M)

The institution has facilities and initiatives for

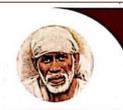

- 1. Alternative sources of energy and energy conservation measures.
- 2. Management of the various types of degradable and non-degradable waste.
- 3. Water conservation.
- 4. Green campus Initiatives
- 5. Disabled-friendly barrier free environment.

Submitted to
NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)

DECLARATION

We the undersigned, hereby declare that all information, reports, true copies of the supporting documents, and numerical data submitted by our institution for the purpose of NAAC accreditation have been thoroughly verified by the Internal Quality Assurance Cell (IQAC). We affirm that these submissions are accurate and correct as per our records.

This declaration pertains specifically to the accreditation process for the third cycle of the institution, covering the period from 2018-19 to 2022-23.

Tel-Raha

Thank you.

Sincerely,

Dr. Vikram P. Bhalekar IQA Coordinator Internal Quality Assurance Cell

RAHATA CONTRACTOR OF TAL RAHATA

Arts, Science & Commerce College
Rahata, Dist. Ahmednagar

Alternate Sources of Energy & Energy Conservation Measures: Need for alternative energy sources and energy conservation:

Energy requirements must be minimized to reduce the cost of consumption and preserve the limited existing energy resources. Alternative energy sources are important for two reasons: conventional fuels are finite and will eventually run out, and alternative sources provide energy without adding to the amount of greenhouse gases (GHG) that are accumulating in the atmosphere.

Measures Employed:

By using energy-efficient devices and energy-efficient methods, consumption of energy can be reduced. The College has taken the initiative for the use of energyefficient devices like use of LED, Use of 3/4/5 star electrical appliances. The geotagged photographs and detail bills of the energy efficient electrical appliances are attached separately.

The college has installed a 4 kW Solar rooftop system on the college building. The College also promotes the use of solar energy the college campus as well as in society through extension activities.

2.1 Solar rooftop -alternate source of energy and other energy conservation initiatives

Energy is key aspect of any educational institute, as it is one of the important parts of teaching learning and management process. Every HEI requires appropriate sources of energy to meet its energy needs. Our Institute has also taken various initiatives for the fulfilment of energy requirements and its conservation. Every year institute conducts Energy Audit through external authorized agency. The energy audit improves the efficiency and productivity of the institute.

As a part of energy conservation, institute installed Roof top PV Solar Sysyem, uses LED lighting, sensor based lighting for reducing energy demand. LED lighting is Energy Efficiency, have longer lifespan, low maintenance, durability, it's safe to use, Cost-Effective and Environmental friendly. On the other hand, Sensor-based lighting, also known as smart lighting, uses sensors and controllers to automatically adjust lighting levels which insures reduced energy consumption. Institute also takes care of selecting electrical appliances in campus, which are energy efficient and have High Star rating. This enhances the productivity, lifespan and property value of appliances, and also reduces maintenance-repair costs.

The institute also conducts Solar energy awareness and promotional activities in nearby villages. The department of physics trains the students about usage of the solar energy based appliances like solar cooker, solar dryer, solar hot water system, PV systems, etc., and the students conducts extension and outreach activities which promotes use of solar energy and creates awareness about energy conservation. The use of electric vehicles is also promoted in campus.

The institute promotes minimal use of energy for a sustainable environment.

2.2 LED Tube Lights: Monthly Energy Consumption in College Campus (Analysis Report)

Shirdi Sai Rural Institute's

ARTS, SCIENCE AND COMMERCE COLLEGE, RAHATA

A/P/Tal-Rahata, Dist.-Ahmednagar. (M.S.) 423107

SUMMARY

The table provided below illustrates the lighting requirements for the college campus, emphasizing the adoption of energy-efficient LED systems for all lighting needs. These systems consume less electricity, are environmentally friendly, and have longer lifespans.

Sr. No.	Area	Type of Light (LED/	Total Qty.	Total Loade	Daily Running	Monthly Working	Monthly Energy
		Conventional)		in KW	Hrs.	Days	in KWh
1	Principle cabin	LED Tube	06	0.24	08	24	46.08
2	Staff room	LED Tube	02	0.04	08	24	7.68
3	Chemistry Lab	LED Tube	04	0.08	08	24	15.36
4	Class room 1	LED Tube	06	0.12	08	24	23.04
5	Class room 2	LED Tube	04	0.08	08	24	15.36
6	Computer lab	LED Tube	08	0.16	08	24	30.72
7	Lab Chemistry 5	LED Tube	02	0.04	08	24	7.68
8	Lab Chemistry 4	LED Tube	03	0.06	08	24	11.52
9	Lab Chemistry 3	LED Tube	06	0.12	08	24	23.04
10	Chemistry Dept.	LED Tube	06	0.12	08	24	23.04
11	Store	LED Tube	02	0.04	08	24	7.68
12	Analytical Chemistry lab	LED Tube	02	0.04	08	24	7.68
13	History Department	LED Tube	07	0.14	08	24	26.88
14	Director Office	LED Tube	07	0.14	08	24	26.88
15	Offices	LED Tube	21	0.42	08	24	80.64
16	Borad room	LED Tube	10	0.20	08	24	38.4
17	S.S.R.I. Office	LED Tube	02	0.04	08	24	7.68
18	Pourch	LED Tube	21	0.42	08	24	80.64
	Total		119	2.5	08 Avg	24 Avg	480

Observations:

- 1. There is a total 119 LED Lights in our Campus
- 2. Total energy Load is 2.5 kW
- 3. Monthly energy consumption is 480 KWh (i.e. 480 electricity units)

Subject: Regarding permission for an Outreach Activity as

Renewable Energy Awareness Mission

Dear Sir.

The special winter camp of NSS of our college is organized at Ekrukhe from 03/01/2023 to 09/01/2023. Department of Physics is going to organize an Outreach activity namely Renewable Energy Awareness Mission in Ekrukhe village, Taluka Rahata, on Friday 06/01/2023 from 9.30 am onwards, where camp is organized. The students of Physics department will visit the camp and demonstrate various solar energy instruments. They will also explain advantages, benefits and applications of solar based instruments to the villagers. The objectives of activity, list of participants is attached herewith.

Kindly give permission to conduct the activity in Ekrukheon 06/01/2023.

Thank you.

Art's Science & Commerce College Rahata, rententata, Dist.A.Nagar Yours Faithfully

Dept.of Physics rt's,Sci.&Comm.College,Rahata

Department of Physics Arts, Science and Commerce College, Rahata Renewable Energy Awareness Mission

Date-01/01/2023

Student Notice

All students of T. Y. B. Sc. Physics are hereby informed that, department of Physics is going to organize an outreach activity on Renewable Energy Awareness Mission on 06/01/2023 from 9.30 am onwards in Ekrukhe Village (NSS camp of our College). The list of Activity Coordinator and Volunteers is attached herewith.

All students must remain present in college at 8 am in college with identity card and in college dress code.

Head, Department of Physics

Dept. of Physics
"n's, Sci. & Comm. College, Rahata

Department of Physics Arts, Science and Commerce College, Rahata

Outreach Activity Renewable Energy Awareness Mission

- Aims and objective: 1. To create awareness about use of renewable/Solar Energy in daily life.
 - 2. To Guide students, stakeholders; about working of Solar light operated instruments.
 - 3. To give demonstrations about handling process of Solar cooker, solar dryer, solar heater, PV system, etc.
 - 4. To motivate and encourage the visitors, students, for use of Solar Instruments.
 - 5. Awareness about Energy saving, pollution due to Electricity generation.

Beneficiaries: Students, Villagers, stakeholders from nearby villages.

Contributors: Students of SYBSc and TYBSc physics will work as Volunteers during activity and Staff of Physics department will supervise the demonstration and activity.

Students/Visitors will learn following things from this activity: **Outcomes:**

- 1. They will learn about techniques of use of solar instruments.
- 2. Students will acquire demonstration skill of various instruments.
- 3. Visitors get knowledge about working and operation of various instruments like Solar Cooker, heater, dryer, etc. They will understand the skills in writing essays, summary etc.
- 4. They will understand necessity of solar energy for their future.

Conduction of activity/Content:

- 1. Students Prepare a poster of solar instrument showing its various parts.
- 2. Students give live demonstration of various instruments.
- 3. Students will answer questions regarding working and explain benefits of instrument.
- 4. Students clarify curries of visitors and encourage to use Solar instruments.
- 5. Explains benefits of solar energy and its scope in future for mankind.

Renewable Energy Awareness Mission

Department of Physics conducts an outreach activity on Renewable Energy Awareness Mission for nearby villagers. Our activity focuses on raising awareness in villagers about renewable energy sources especially solar energy. Our college conducts this program to ensure that all the students, stakeholders are get engaged and be motivated for the use of solar energy.

As a social commitment, teachers and students of our department visited nearby village Ekrukhe on 06th January 2023 to popularize & promote use of renewable energy sources, especially Solar Energy. In this activity, 8 students of S. Y. B. Sc. and T. Y. B. Sc. Physics and 2 teachers participated. Students of department explained working of solar cooker to the visitors. With the help of demonstrations, people get idea about necessity of use of solar energy. During the demonstration students also created awareness about the pollution & climate change, efficient use of electrical home appliances & renewable energy utilizing devices. School students and villagers visited and participated in this outreach activity.

Department of Physics is very thankful to Director and Principal Dr. S. S. Gholap sir for granting permission to this activity and also to provide necessary facilities to conduct this program. Department is also thankful to Sarpanch, all members of grampanchayat, Villagers and visitors for kind cooperation during the activity.

Appreciation Letter

The students and teachers of the Department of Physics of Arts, Science and Commerce College, Rahata, conducted a Demonstration of Solar equipment under the "Solar Energy Awareness Mission" in our Ekrukhe village on Friday 06th Jan 2023 for farmers and villagers. The students give practical demonstrations of the Solar equipment to farmers, villagers and school students. The volunteers also gave detailed information about solar energy and explained the necessity of Solar Energy to the villagers through door-to-door visits in the village.

The Ekrukhe Grampanchayat is thankful to the College, Physics department and appreciates all volunteers for this activity.

Subject: Regarding permission for an Outreach Activity as

Renewable Energy Awareness Mission

Dear Sir,

Department of Physics is going to organize an Outreach activity namely Renewable Energy Awareness Mission in Kelwad village, Taluka Rahata, on Monday 17/04/2023 from 9.30 am onwards. The students of Physics department will visit village and demonstrate various solar energy instruments. They will also explain advantages, benefits and applications of solar based instruments to the villagers. The objectives of activity, list of participants is attached herewith.

Kindly give permission to conduct the activity in Kelwad on 17/04/2023.

Thank you.

Art's Science & ... ommerce College Rahata, Tal.Rahata, Dist.A.Nagar Yours Faithfully

Department of Physics Arts, Science and Commerce College, Rahata Renewable Energy Awareness Mission

Student Notice

All students of T. Y. B. Sc. Physics are hereby informed that, department of Physics is going to organize an outreach activity on Renewable Energy Awareness Mission on 17/04/2023 from 9.30 am onwards in Kelwad Village. The list of Activity Coordinator and Volunteers is attached herewith.

All students must remain present in college at 8 am in college with identity card and in college dress code.

Head, Department of Physics

Dept.of Physics rt's,Sci.&Comm.College,Rahata

Department of Physics Arts, Science and Commerce College, Rahata

Outreach Activity Renewable Energy Awareness Mission

- Aims and objective: 1. To create awareness about use of renewable/Solar Energy in daily life.
 - To Guide students, stakeholders; about working of Solar light operated instruments.
 - 3. To give demonstrations about handling process of Solar cooker, solar dryer, solar heater, PV system, etc.
 - 4. To motivate and encourage the visitors, students, for use of Solar Instruments.
 - Awareness about Energy saving, pollution due to Electricity generation.

Beneficiaries: Students, Villagers, stakeholders from nearby villages.

Contributors: Students of SYBSc and TYBSc physics will work as Volunteers during activity and Staff of Physics department will supervise the demonstration and activity.

Outcomes:

Students/Visitors will learn following things from this activity:

- 1. They will learn about techniques of use of solar instruments.
- Students will acquire demonstration skill of various instruments.
- 3. Visitors get knowledge about working and operation of various instruments like Solar Cooker, heater, dryer, etc. They will understand the skills in writing essays,
- 4. They will understand necessity of solar energy for their future.

Conduction of activity/Content:

- 1. Students Prepare a poster of solar instrument showing its various parts.
- 2. Students give live demonstration of various instruments.
- 3. Students will answer questions regarding working and explain benefits of instrument.
- 4. Students clarify curries of visitors and encourage to use Solar instruments.
- 5. Explains benefits of solar energy and its scope in future for mankind.

Appreciation Letter

The Department of Physics, Arts, Science and Commerce College, Rahata, conducted the "Solar Energy Awareness Program" on Monday 17/04/2023 in our Kelwad village. The students give demonstration of various solar instruments to farmers, villagers and school students. They also give detail information about solar energy and explain the necessity of Solar Energy to the villagers. The students created awareness about solar energy by door to door visit in village.

The Kelwad Grampanchayat is thankful to the College, Physics department and all volunteers.

Subject: Regarding permission for an Extension/Outreach Activity as Solar Energy Awareness Mission

Respected Sir,

With reference to above mentioned subject, Department of Physics is going to organize an Extension/Outreach activity namely Solar Energy Awareness Mission in Ekrukhe village, Taluka- Rahata, on Thursday, 06/01/2022 from 9.30 am onwards. The students of Physics department will visit village and demonstrate various solar energy instruments. They will also explain advantages, benefits and applications of solar based instruments to the villagers. The objectives of activity, list of participants are attached herewith.

Kindly give permission to conduct the activity in Ekrukhe village on 06/01/2022. Thank you.

Extension/Outreach Activity Solar Energy Awareness Mission

- **Aims and objective:** 1. To create awareness about use of Solar Energy in daily life.
 - 2. To Guide students, stakeholders; about working of Solar light operated instruments.
 - 3. To give demonstrations about handling process of Solar cooker, solar dryer, solar heater, PV system, etc.
 - 4. To motivate and encourage the visitors, students, for use of Solar Instruments.
 - 5. Awareness about Energy saving, pollution due to Electricity generation.

Beneficiaries: Students, Villagers, stakeholders from nearby villages.

Contributors: Students of SYBSc and TYBSc physics will work as Volunteers during activity and Staff of Physics department will supervise the demonstration and activity.

Outcomes:

- Students/Visitors will learn following things from this activity:
- 1. They will learn about techniques of use of solar instruments.
- 2. Students will acquire demonstration skill of various instruments.
- 3. Visitors get knowledge about working and operation of various instruments like Solar Cooker, heater, dryer, etc. They will understand the skills in writing essays, summary etc.
- 4. They will understand necessity of solar energy for their future.

Conduction of activity/Content:

- 1. Students Prepare a poster of solar instrument showing its various parts.
- 2. Students give live demonstration of various instruments.
- 3. Students will answer questions regarding working and explain benefits of instrument.
- 4. Students clarify curries of visitors and encourage to use Solar instruments.
- 5. Explains benefits of solar energy and its scope in future for mankind.

Report of Activity

"Solar Energy Awareness Mission" Date-06/01/20222 Place- Ekrukhe

Department of Physics runs an extension/outreach activity as **Solar Energy Awareness Mission** for nearby villagers. Our mission focuses on popularization and raising awareness by educating all stakeholders. The department manages the program to ensure that all the students are engaged and motivated for the use of solar energy and energy conservation. Once the student understand and become fully aware of the benefits of solar energy and its benefits, they become an important tool in helping you to achieve your energy management goals.

As a social commitment, teachers and students of physics department visit nearby village Ekrukhe on 6thJanuary 2022 to popularize & promote use of renewable energy sources, especially Solar Energy. There are 16 students and 4 teachers participated in this extension activity. During the visits, awareness is created about the pollution & climate change, efficient use of electrical home appliances & renewable energy utilizing devices. Students of physics department explained working of solar dryer, solar cooker, parabolic reflector, PV system to the visitors. With the help of demonstrations, people get idea and get aware about necessity of use of solar energy. All NSS volunteers, program officers, school students and villagers visited and participated in this extension/outreach activity.

Department of Physics is very thankful to Dr. M. N. Kharde, Director of SSRI, Prof. S. V. Lahare, Principal of College, Dr. D. N. Dange, NSS program officer, Mr. Jitendra Gadhave, Sarpanch, Mrs. Saatav, Mr. Bhawar Members of Grampanchayat for giving an opportunity to serve society during NSS winter camp.

Management of the various types of degradable and non-degradable waste:

Need for waste management:

Improperly managed solid waste can have serious environmental consequences. It can contaminate soil, air, water and harm wildlife and ecosystems. Effective solid waste management helps to reduce the amount of waste. The solid waste thus ends up in landfills and ensures that hazardous waste is disposed of safely.

Measures Employed:

College has made awareness among the students about reducing the amount of waste produced, and recycling of materials where possible. Composting of organic materials is done and waste is Separated as biodegradable wet waste and biodegradable dry waste using green and blue colored dustbins respectively. Also, disposal of garbage is carried out through regular collection.

Report on Management of the various types of degradable and non**degradable waste:** Institute in order to reduce waste at college campus, recycling efforts must be improved and organic recycling services must be provided. Additionally, students, faculty, and staff must be properly educated on proper waste management practices. The constant production of new products and packaging means knowledge of recyclable and compostable materials has become a complex and confusing topic for many people.

Solid waste management was undertaken from 2018 to assess the type and amount of waste generated in college campus. By this following proper management, we tried to avoid impact of solid waste on health of student and Environment.

Solid waste may be defined as useless, unused, unwanted or discarded material available in solid form. In India, the local bodies, popularly known as the Gram Panchayat, councils are responsible for management of activities related to public health. Solid waste management is a term that is used to refer to the process of collecting and treating solid wastes. It also offers solutions for recycling items that do

not belong to garbage or trash. As long as people have been living in settlements and residential areas, garbage or solid waste has been an issue. Waste management is all about how solid waste can be changed and used as a valuable resource. Solid waste management should be embraced by every household including business owners across the world. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that nurtured the development of civilization. Some of solid waste is also produced from agriculture field due to urban society,

Solid waste management is a challenge for the cities, authorities, in developing mainly due to the increasing generation of waste, the burden posed on the Gram Panchayat budget as a result of the high costs associated to its management, the lack of understanding over a diversity of factors that affect the different stages of waste management and linkages necessary to enable the entire handling system functioning.

The primary goals of sustainable waste management are to protect human health and the environment and to conserve resources. To reach these goals, decision makers apply integrated strategies that consist of a multitude of connected processes, such as collection, transportation, treatment, recycling, and disposal. There are several methods available to handle, treat and dispose of solid waste. Solid waste management can be distinguished by the following stages:

Waste minimization, Waste separation at source, Waste collection and transportation by vehicles.

Collection of solid waste from Campus:

The college campus is spared over 21 acres of land. The college has wellventilated classrooms, staff rooms, with a well-furnished library with a reading hall, conference hall, various departments, parking and canteen are the additional facilities.

Green and Blue colored waste bins are placed at several locations in campus to collect dry and wet waste. Plastic bottles and other recyclable waste is collected in Green colored dry bins while Biodegradable are i.e. leaves, twinges, vegetable waste, fruit waste, food waste is collected in the Blue bins waste paper pages magazine, light papers, paper boards cartons etc. are collected. The labels on the bins have pictorial representation of the kind of waste to be disposed of into each bin. After all this collected waste is taken away by Gram Panchayat of Pimplas for further disposal to their dumping yard.

Types of waste generated in college campuses.

Sr. No.	Source	Type of waste Generated	
1	Classrooms	Paper, plastic, pens, disposable cups, charts, Cardboards, thermos cols.	
2	Laboratories	Paper, plastic, glass slide coverslips, glass bottles, etc,.	
3	Staff rooms	Paper and plastic.	
4	Office	Paper and plastic.	
5	Canteen	Paper, plastic, paper boxes, disposal cups, glass bottles.	
6	Library	Paper and plastics	
7	Toilets	Paper, plastic, and sanitary napkins	
8	Seminar Hall	Paper, plastic polythene covers, disposable cups.

ARTS, SCIENCE & COMMERCE COLLEGE RAHATA 7.1.2 INSTITUTIONAL VALUES AND SOCIAL RESPONCIBILITIES Dear Friends.

We are happy to inform you that a Two Days National Level Conference on "Organic Farming" is being organized on March, 28-29, 2023 by the Department of Geography, Arts, Science And Commerce College, Rahata-423107 (Near Sai Baba's Shirdi), District-Ahmednagar (Maharashtra). This conference will be really helpful to maintain environment health by reducing the level of pollution. It helps in keeping agriculture production at a sustainable level

ABOUT THE COLLEGE-

Shirdi Sai Rural Institute (SSRI) was established in 1997 as a public trust by the vision of Late Dr. Balasaheb Vikhe Patil (Padma Bhushan awardee), Ex-Minister, Govt. of India, Founder Trustee, SSRI) with the moral support of Late Dr. Y. K. Alagh (Former Union Minister of State, Science and Technology, Govt. of India). The institute is doing progress under the able guidance of Namdar Shri. Radhakrishna Vikhe Patil, (Minister for Revenue, Animal Husbandry and Dairy Development, Govt. of Maharashtra) and Dr. Sujay Vikhe Patil, (Member of Parliament and Chief Executive Officer, SSRI, Pravaranagar).

SSRI was established on the ideas and philosophy of Mahatma Gandhi, particularly concerning agriculture and rural development. The envisioned role of SSRI is to function as a catalyst for promoting rural development in the region

Arts, Science and Commerce College, Rahata was established in June 1997. Late. Dr. Balasaheb Vikhe Patil, (Padma Bhushan awardee) Namdar Shri. Radhakrishna Vikhe Patil and, Late Dr. Y. K.Alagh had a vision in their mind while starting this College. The strength of students was 141 when it was established, now strength is 1800+. Since then the college has been progressing. The college is located very close to holy place of Lord Sai Baba Shirdi. In the area of 21 Acers, 43 teaching and 28 non-teaching staff are taking effort to add the feathers in its cap. College is permanently affiliated to Savitribai Phule Pune University, and included in section 12 (b)and 2(f) of UGC.

Flourishing as a higher learning Centre in the region,. for the upliftment of the poor and talented students 'Earn and Learn Scheme, skilled and entrepreneurship programme' are run by the College. For the excellent academic results, teachers are improving themselves through orientation, refresher, FDP course and research work. To inculcate the research culture among the student institute has started Shrimati Sindhutai Vikhe Patil Research Felloship for PG students and Late Dr. Balasaheb Vikhe Patil (Padma Bhushan Awardee) special achievement scholarship is given to students achievement for special proficiency in education, social, sports, NCC, NSS etc.

In recognition of the excellent educational facilities provided and services rendered to the rural masses, the college has received **'Best Rural College'** Award from Savitribai Phule Pune University in the 2013. In academic year 2011-12 Student Welfare Board, Savitribai Phule Pune University has honored the college with **"Best College Award"**. Also NAAC has reaccredited the college at **"B++" Grade in 2018-19**. The college is just 5 kms away from Lord Sai Baba's Shirdi and 60 kms away from Lord Shani Shinganapur.

ABOUT THE DEPARTMENT:

The Department has been established since the inception of the college. The faculty of the department is highly qualified and has published research papers in reputed national and international journals. The department of Geography has a equipped lab with advance instruments for quality learning. Many students have availed of the quality education provided by the department which as resulted in their getting job as teachers in schools, Jr. and Sr. colleges, officers in Govt. and non Govt. Dept. successfully conducted state and national level conferences/seminars on various subject as well as training programme for students.

CALL FOR PAPERS-

Full Research papers are invited in the areas related to the focal theme and sub theme for oral presentation. Research paper about 2500 words using Times New Roman font size 12 points and line spacing of 1.5 on A-4 size paper in micro-soft word format be sent to Email Id given below. Research paper should include the title of the paper (14pt., Bold centre) Authors name (12pts., Italic centre), Mailing address, Email id, to whom the correspondence should be done.

Research paper through Email attachment or soft copy in MS word in ready to print form only should be submitted to geographyrahata@gmail.com Research papers will be accepted up to 24, March 2023. The Research papers will be reviewed by the technical committee and the acceptance will be communicated to the corresponding author through Email only.

ACCOMODATION:

Accommodation will be provided on demand to the participants at Lord Saibabas Bhakta Nivas, Shirdi.

FOCAL THEME - "ORGANIC FARMING" SUB THEMES -

- 1. Modern techniques and agriculture development
- 2. Organic farming and conservation of environment
- 3. Cash crop and organic farming
- 4. Healthy and tasty foods
- 5. Suistanabel development & organic farming
- 6. Pollution-water, air and soil
- 7. Impact of organic and chemical fertilizers
- 8. Organic horticulture and sericulture
- 9. Organic farming-fertlizers, production and marketing
- 10. Relation to Organic farming earth and life sciences
- 11. Organic farming and chemistry

REGISTRATION LINK:

All the participants are requested to registered their names by filling in Google form. The registration fee should be paid in favour of the Principal, Arts, Science and Commerce College, Rahata

The Registration link - https://forms.gle/VYF1GdrdGGxMYzSq5

राहाता महाविद्यालयात राष्ट्र

राहाता : येथील शिडीं साई रुरल इन्स्टिट्यूटच्या कला विज्ञान व आणि वाणिज्य महाविद्यालयात मंगळवार (दि.२८) व २९ मार्च रोजी राष्ट्रीय चर्चासत्राचे आयोजन केल्याची माहिती प्राचार्य डॉ. सोमनाथ घोलप यांनी दिली. भारतीय राष्ट्रीय संधान परिषद, मुंबई व महाविद्यालय यांच्या संयुक्त विद्यमाने भूगोल विभागाचे सेंद्रिय शेती तर वाणिज्य विभागाचे डिजिटल मार्केटिंग संधी आणि आव्हाने या विषयावर राष्ट्रीय चर्चासत्र आयोजित केले आहे.

या दोन दिवशीय राष्ट्रीय चर्चासत्राची सुरूवात मंगळवारी (दि.२८) खासदार डॉ. सुजय विखे पाटील यांच्या हस्ते

होणार आहे. यावेळी जिल्हा परिषदेच्या माजी अध्यक्षा शालिनीताई विखे पाटील यांची प्रमुख उपस्थिती असणार आहे. या चर्चासत्रासाठी पद्मश्री विखे पाटील महाविद्यालयाचे प्राचार्य डॉ. प्रदीप दिघे तसेच लोकनेते डॉ. बाळासाहेब विखे पाटील, प्रवरा ग्रामीण शिक्षण संस्थेचे ॲडिशनल सीईओ डॉ. शिवानंद हिरेमठ, शिडीं साई रुरल इन्स्टिट्यूटचे डायरेक्टर डॉ. महेश खर्डे यांची उपस्थिती असणार आहे.

यावेळी ॲड. रघुनाथ बोठे, सचिन मुरादे उपस्थित असणार आहे. भूगोल विषयाच्या चर्चासत्रात प्रा. डॉ. प्रवीण सप्तर्षी, डॉ. अर्जुन मुसमाडे, डॉ. बी.

नागेश, डॉ. ज्ञानेश्वर बोरसे, डॉ. योगेश थोरात आदी मार्गदर्शन करणार आहे. तर वाणिज्य विभागाच्या चर्चासत्रात प्रा. डॉ. किरण कुमार पंत, डॉ. आर.पी. कुरुंदकर, डॉ. एस.एस. आरंगडे, डॉ. बी.डी. रणपिसे, प्रा. विनीत उगले यांचे मार्गदर्शन लागणार आहे.

चर्चासत्रात विविध महाविद्यालयातील प्राध्यापक, संशोधक व विद्यार्थी यांनी मोठ्या संख्येने सहभागी व्हावे, असे आवाहन प्राचार्य डॉ. सोमनाथ घोलप व उपप्राचार्य डॉ. सुरेश पुलाटे यांनी केले आहे. चर्चासत्राचे समन्वयक डॉ. दिलीप नलगे, डॉ. राजाराम वाकचौरे हे काम पाहत आहे.

रासायनिक खतांचा अतिवापर घातक : सौ. विखे

राहाता महाविद्यालयात सेंद्रिय शेतीवर राष्ट्रीय परिषद

राहाता (तालुका प्रतिनिधी)-भारतात पारंपरिक आणि आधर्निक अशा दोन्ही प्रकारची शेती केली जाते. कृषी विद्यापीठाचे शेती विकासामध्ये महत्त्वपूर्ण योगदान आहे. सेंद्रिय शेती एक निसर्ग परक स्वयंपूर्ण शेती प्रणाली आहे. जी स्थानिक साधनांचा वापर करते. कमी भांडवली खर्चाच्या तत्त्वावर आधारित सेंदिय पटार्थांच्या योग्य वापरामुळे जिमनीची उत्पादकता आणि शाश्चतता बाढवते, जैबबिबिधता जोपासत, पोषण आणि इतर गोष्टीची पूर्तता करते. सेंद्रिय शेती ही फायदेशीर असून ती काळाची गरज आहे. असे प्रतिपादन शालिनीताई विखे पाटील यांनी केले

विज्ञान वाणिज्य महाविद्यालयात भूगोल विभागाचे सेंद्रिय शेती या विषयावरील राष्ट्रीय परिषद तसेच वाणिज्य विभागीचे डिजिटल मार्केटिंग संधी आणि आव्हाने या विषयावर आयोजित शिडीं साई रुख़ इन्स्टिट्यूटच्या राष्ट्रीय चर्चासत्राच्या उद्घाटन प्रसंगी

त्या म्हणाल्या सेंदिय शेती फायदेशीर होण्यासाठी शेतीचा आवश्यक घटक म्हणजे माती, ह्वा, पाणी यांचा अधिक प्रभावीपणे विचार करणे आवश्यक आहे. सेंद्रिय खतांचा वापर करून पर्यावरणाचा समतोल देखील राखता येतो. रासायनिक खते व औषधे यांच्या अती वापरामुळे आजच्या काळात आरोग्य घोक्यात आले आहे. त्यासाठी उत्तम पर्याय म्हणून सेंद्रिय शेती आज गरजेची आहे. डॉ. प्रवीण सप्तर्षी म्हणाले, मागील काही दशकांत शेतीतन भरपूर उत्पन्नासाठी रासायनिक खते व कीटकनाशकांचा वापर वाढला आहे. रामायनिक खते मातत्याने वापरल्यामुळे उत्पादन क्षमता कमी होत आहे. तसेच जमिनीला जास्त पाणी दिल्यामुळे क्षारांचे प्रमाण बाढत चालले आहे. रासायनिक खते व कीटकनाशके यांचाही पर्यावरणावर व पर्यायाने आरोग्यावर परिणाम होतो.

याप्रसंगी सावित्रीबाई फुले पुणे विद्यापीठ भूगोल अभ्यास मंडळाचे सदस्य डॉ.अर्जुन मुसमाडे यांनीही मनोगत व्यक्त केले. प्रास्ताविक उपप्राचार्य डॉ.सुरेश पुलाटे बांनी केले. चर्चासत्राचा हेतू डॉ. दिलीप नलगे यांनी स्पष्ट केला. यावेळी शास्त्रज्ञ योगेश श्रोरात, हाँ, आर, पी, कळमकर, डॉ. एस. एल. आरगडे. सचिन मुरादे, डॉ. महेश खर्डे, प्राचार्य डॉ. सोमनाथ घोलप, प्राचार्य युवराज सदाफळ, उपप्राचार्य संजय लहारे, डॉ. दादासाहेब डांगे, डॉ. विक्रम भालेकर, प्राध्यापक संशोधक व विद्यार्थी विद्यार्थीनी तसेच परिसरातील शेतकरी मोठ्या संख्येने उपस्थित होते. सूत्रसंचालन डॉ. रोहिणी कासार यांनी केले तर आभार डॉ. राजाराम वाकचौरे यांनी मांनले

National Conference on

ORGANIC FARMING

Organized by Dept. of Geography and IQAC

Sponsored by

Indian Council of Social Science Research, WRO, Mumbai.

Date: 28 - 29 March 2023

Report

Department of Geography of Arts, Science and Commerce College, Rahata organized two days National Level Conference on "Organic Farming" on 28-29 March 2023. The conference focused on Organic Farming methods, production and marketing in rural area. The programme started at 10:30 am with the welcome address by Dr. S. K. Pulate. The dignitaries on the dias were Prof. Praveen Saptarshi, Professor, environment Science, SPPU, Emeritues Professor, Salisbury University, USA. Hon'ble Sau. Shalinitai Vikhe Patil, Former President, Zilha Parishad, Ahmednagar, Prof. Arjun Musmade, Member of BoS, Savitribai Phule Pune University, Pune Dr. Mahesh N. Kharde, Director, Shirdi Sai Rural Institute, Pravaranagar and Prin. Prof. Somnath S. Gholap, Arts, Science and Commerce College, Rahata.

In the first day had a total of four session. Inaugural function was conducted in the first session. Prof. Praveen Saptarshi was invited as the Chief Guest to inaugurate the conference Welcome speech and Introduction of the programme was given by vice Prin. Dr. S. K. Pulate. Dr. D. M. Nalage Coordinator of the conference introduced the main theme of the conference. All the dignitaries were felicitated by Dr. Mahesh Kharde and Prin. Prof. Somnath Gholap.

Keynote address was given by Prof. Praveen Saptarshi, Professor, Environment Science, SPPU, Emeritues Professor, Salisbury University, USA. Prof. Saptarshi gave his best wishes to the conference. He shared research work on organic farming and talk about its various benefit. He gave several example of organic farming and various production. He explained organic farming benefits the environment by minimizing population, reducing soil degradation, focusing on biological productivity, protecting soil from erosion, etc.

Hon'ble Sau. Shalinitai Vikhe Patil highlighted the importance of organic farming in details. Organic farming helps to maintain environment health by reducing the level of pollution. It helps in keeping agricultural production at a sustainable level. It reduces the cost of agricultural production and also improves the soil health.

Hon'ble sau Shalinitai Vikhe Patil giving presidential address in national conference 'Organic farming'

Second session conducted by Prof. Arjun Musmade. He explained India is the second largest populous country in the world. Agriculture is a main occupation in India. Organic farming is a form sustainable agriculture that has received significant regulatory support for its contribution to environmental preservation. These days organic foods are preferred by customers because they are produced without synthetic chemicals duly following animals welfare standards.

Third session conducted by Dr. Yogesh Thorat ICAR- Indian Institute of Sugarcane Research Biological Control Centre, Pravaranagar, (Maharashtra). Dr. Thorat explained organic farming for cash crop in details. He talk about sugarcane is a renewable, natural agricultural resources because it provides sugar, besides biofuel, fiber, fertilizer and myriad of byproducts/coproduces with ecological sustainability. He has given many examples in details of organic farming for sugarcane crop.

Prof. Praveen Saptarshi delivered his lecture on **Organic Farming and Environment** in Fourth session. He has explained many changes observed in the environment are long term, occurring slowly over time. Organic agriculture consider the medium and long term effect of agricultural interventions o the agro- eco system. Prof. Saptarshi valuable talk on soil and water health, air and climate change, biodiversity, genetically modified organism, etc. It is a critical review of the relation between organic agriculture and the environment as well as other aspects ids provided and presented.

Finally the paper presentation was held in seminar hall onwards 3:40 to onwards.

Dr. Dnyaneshwar Borse guiding on organic farming

Second day (Wednesday, 29 March 2023) had a total of three sessions. Session first was carried by Dr. Dnyaneshwar Borse, Scientist and Incharge, ICAR- Indian Institute of Sugarcane Research, Biological Control Centre Pravaranagar, (Maharashtra). Dr. Borase guiding us on Opportunities for Organic Sugarcane Cultivation. He explained the sugarcane production and use of chemical fertilizers in details.

In India Uttar Pradesh, Karnataka and Maharashtra together contribution to near about eighty percent total sugarcane production in India.

Second session was conducted by Dr. R. H. Autade, Entrepreneur, Godagiri Farms, Malewadi, discuss about Organic Fertilizers production and marketing. Organic fertilizers are naturally available mineral sources that contain moderate amount of plant essential, nutrients. He spoke about how to use organic fertilizers.

Third session (Online) was carried out by Prof. (Dr.) Prof. B. Srinagesh, Head Dept. of Geography, Osmania University, Hyderabad, Telangana, India, by online mode. Prof. B. Srinagesh guiding on the topic of **Beneficiary of Organic farming.**

Participants in the conference Organic farming on 29 March, 2023

Prof. (Dr.) Prof. B. Srinagesh guiding to participants on Organic Farming by online mode

Four session was carried out by Dr. Sayantan Das, Assit. Prof. and Incharge, Dept. of Geography, Dum-Dum Motijheel College, West Bengal State University. Dr. Das introduced about New Trends in Organic Farming. Finally the paper presentation was held in seminar hall onwards 3:20 pm.to onwards.

Certificate distribution to the participants, Chief Guest Mr. Sandip Khating, Dr. M. N. Kharde and Prin. Prof. (Dr.) Somnath Gholap

The conference ended with valedictory remarks by Mr. Sandip Khating, Senior Officer, State Bank of India, Mr. Yashodip Balasaheb Shete, Entrepreneur, The Bappa Company Paregaon, Sangamner (Maharashtra). Participants too give their remark of the conference.

Dr. S. K. Pulate proposed forma vote of thanks. Volunteers from the various universities, department of Geography helped the organizers in conducting it smoothly over the two days. The conference ended with a high tea for all the participant and audience present at the venue. The conference was attend by the audience from Maharashtra and outside states in India.

Department of Geography successfully organized this conference. I would like heartily thankful to our Director Dr. Mahesh Kharde, Prin. Prof. Somnath Gholap, all Head of the department and colleague etc.

Date-17/03/2023

To,

The Principal,

Arts, Science and Commerce College, Rahata

Subject: Regarding the permission to arrange a Field Visit to Vashali Sericulture Farm, Chinchpur and Anand Agri-Biotech, Durgapur...

Respected sir,

As per the above-mentioned subject, I would like to seek your permission to arrange a field visit for S. Y. B. Sc students. It is mandatory that the students should visit Sericulture and Vermicompost unit as per the syllabi. So, the Department of Zoology will be organizing a field visit for students to have a better understanding of Sericulture and Vermiculture.

I request you to give us permission to visit Vaishali Sericulture Farm, Chinchpur and Vermicompost Farm, Durgapur on 20th March 2023.

Thanking You,

Yours Faithfully,

Dr. V. R. Pawade

Arts, Science and Commerce College, Rahata Student Notice

Date: 17/03/2023

All the students of S. Y. B. Sc. are hereby informed that the Department of Zoology of Arts, Science and Commerce College, Rahata is organizing a field visit to Vaishali Agro-farm (Sericulture Unit) and Anand Agri Biotech (Vermicompost Unit) on 20th March 2023. It's compulsory to all the students to participate in the field visit. Be present at 8:30 am in the college campus.

Dr. V. R. Pawade

HOD Dept. Zoology

Report on Field Visit (Activity Under MoU) Department of Zoology

As per the SPPU, Pune Syllabus Excursion tour is compulsory for all students of S. Y. B. Sc. Department of Zoology organised a Field Visit to Anand Agri-Biotech (Vermicompost Unit) and Vaishali Agro farm (Sericulture Unit) on 20th March 2023.

Students and staff started the journey from Arts, Science and Commerce College Rahata, at 09.00 am and reached to Anand Agri- Biotech (Vermicompost Unit) at 11.00 am. Mr. Sachin Pulate, owner of the unit gave information about Species, Techniques, Packaging, Marketing and the role of Vermicompost in Organic Farming. Students observed the Vermicompost Bed.

Students along with teachers visited the Mulberry plants Farming and Sericulture shed of Vaishali sericulture farm. The owner of the Sericulture unit Mr. Babasaheb Tambe gave information about the Silkworm. Mr. Babasaheb Tambe also showed all the Equipment of Sericulture viz. the Rearing Stand, Rearing Trays, Plant Cutter, Chopping Knife, Chandrika, etc.

For the field Visit, 27 students and 02 staff members were present.

Subject: Invitation as a Resource person for a Guest lecture on "Vermicompost Bin Preparation"

Respected Sir,

The Zoology Department of Arts, Science and Commerce College, Rahata cordially invites you as a resource person for Guest lecture on "Vermicompost Bin Preparation" for students and Farmers on 11th May, 2022 at 12.30 am.

In this context, it's my pleasure to invite you as a Resource Person for the above said event on Wednesday 11th May, 2022 at 12.30 am.

Kindly accept the invitation and oblige.

Thanking you,

Art's, Science & Commerce College Rahata, Dist. Ahmednagar

Sub: Letter of Appreciation

Respected sir,

On behalf of the Guest lecturer organized by the Zoology Department of Arts, Science and Commerce College, Rahata, I sincerely thank you for accepting invitation to deliver a talk for the students and farmers on "Vermicompost Bin Preparation" on 11th May 2022 at 12.30 pm. I am grateful to you for conducting the same.

The lecture was fruitful and will help the students and Farmers.

Thanking you,

With regards,

Prof. S.V. Lahare

Report On Vermicompost Bin preparation

The Department of Zoology of Arts Science and Commerce College organized a guest lecture on "Vermiculture Bin Preparation" for Students and Farmers on 11th May 2022 at 12.30 am. Dr. V. R. Pawade, Head of the Department of Zoology, welcome the chief guest Mr. Sanjay Raut Sir, and Vice-Principal Dr. S. K. Pulate and Dr. D. N. Dange. He also gave an introduction to the Programme. Then, the Programme was formally inaugurated by lighting holy lamps and garlanding photo frames of Padmshri Dr. Vithalrao Vikhe Patil and Padmabhushan Dr. Balasheb Vikhe Patil.

Mr. Sanjay Raut Sir, Explain the role of vermicompost in Agriculture. He explains, biofertilizers, and Demonstration on Vermicompost bin Preparation. Students of S. Y. B. Sc prepare a Two Vermicompost bin Successfully.

A total of 27 students and 26 farmers and 02 staff participated in the program.

Water Conservation Facilities: 4

Need for Water Conservation and Management:

The ongoing impact of climate change on weather patterns, and water scarcity has become an escalating concern. In response to this challenge, water conservation has emerged as a crucial strategy to ensure the availability of clean water. Water drought and water shortage can be reduced by practicing efficient water management also it helps determine future Irrigation expectations.

Measures Employed:

The college has taken significant steps to provide clean, adequate water supply and efficient management through rainwater harvesting by which the level of underground potable water is increased through the increase in the water table, storage tanks in the main building, and water purification system. Drip irrigation is employed for the supply of water to the botanical garden and all the trees throughout the campus.

The Report on Water Conservation Facilities:

The groundwater is pumped into the storage tanks located in the main building. The College has its farm pond from which water is also poured into main storage tank of college. The Water stored is pumped into storage tanks kept on the terrace of a building. The water is distributed through a well-arranged pipe network. The water is supplied to the water purifier and after proper purification, it is circulated through a separate set of distribution pipes in the campus, The water for laboratories and toilet blocks is supplied through another set of distribution pipes.

The entire distribution system is well supervised by the Repair and Maintenance department to ensure zero leakages and wastages of precious water through joints, valves, etc. Wastage of water is reduced using low-pressure flushes. All the stakeholders of the college use water very carefully and efficiently.

Following are the initiatives for retaining quality water in the campus and to provide a pure and fresh water supply to all stakeholders at the campus.

- Timely cleaning of all water tanks
- Timely maintenance of Water purifier
- Treatment of water for zero contamination.

• Efficient mechanism to supply water in the college campus.

Information about Water Tanks for Drinking and uses for other:

Sr. No.	Tank position	Particulars of Tanks	Total no of tanks
1.	The main water tank at the Basement	RCC 40,000 Litt.	01
2.	Storage tanks on a terrace	PVC 5,000 Litt. each	02

Total RCC Tank 01 + PVC 02 = 03

Total storage water capacity = 46000 Litter.

4.1 College-Managed Farm Pond: Maintenance and Utilization

The farm pond of the college is the heart of the campus which provides continuous water supply to keep the campus green and sustainable. The institute takes effective measures for water quality. It's not just a pretty sight; it's also super useful! During the summers the pond provides drinking water for everyone on campus and acts as a lifesaver for the herbal garden, Botanical garden, and Sapota garden.

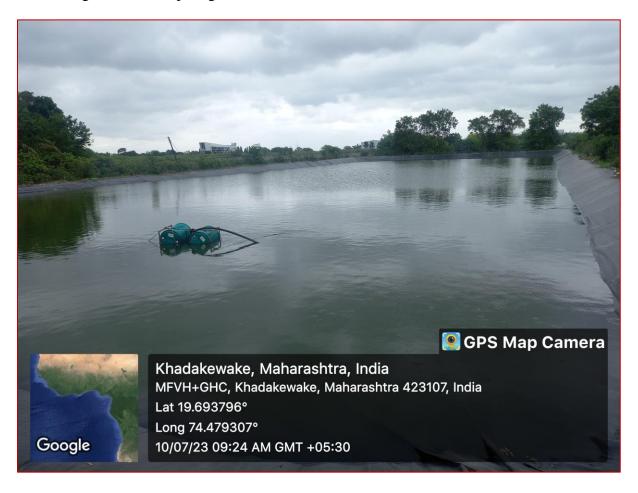

Photo: College-Managed Farm Pond: Maintenance and Utilization. Date: 10/07/2023

 $\{(107 \text{ x } 35.33 \text{ x } 4.9\text{m} = 18524 \text{ Cubic meter Capacity}) \ 18524 \text{ cum x } 1000 \text{ Lit.} = 1,85,24,000 \text{ Lit.}$ Capacity $\}$.

4.2 Water conservation facilities:

The College is located in Ahilyanagar district (Ahmednagar) district of Maharashtra, which is a draught area. Hence water conservation is an important issue. The college has taken initiative by implementing rainwater harvesting in college. The rainwater is collected using downspouts and pipelines connected to the terrace of college building. This collected water is stored in open well of campus which is useful for groundwater recharge. After treatment it is transferred into the storage tank of college.

4.4 Implementing Drip Irrigation for Campus Greenery Maintenance

Our college seeks to enhance sustainability and maintain the greenary through the adoption of drip irrigation. It offers several advantages, including water efficiency, weed and disease control, and labor savings. While there are initial investment and maintenance costs, we reserve the fund to support this initiative. Drip irrigation aligns with our commitment to innovation and environmental responsibility, offering a practical solution for efficient water management and maintain the campus evergreen.

Subject – Regarding permission for an Outreach Activity as Soil and Water Analysis.

Sir,

Department of Chemistry is going to organize an Outreach activity namely Soil and Water Analysis in Villages Khadkewake on Saturday 04/02/2023 from 9.30 am onwards. The students of Chemistry Department Will visit the villages and will collect the samples of soil & water from Farm. They will also explain the importance of soil-Water analysis and its advantages to the villagers. The objective of activity, list of participants is attached herewith.

Kindly give permission to conduct the activity in Khadkewake on 04/02/2023.

Thank you,

Yours Faithfully

Jews Jely _

Head Dept. Of Chemistry

Shirdi Sai Rural Institute's Arts, Science and Commerce College, Rahata

Department of Chemistry Outreach Activity Soil and Water Analysis

Aim and objective:-

- 1) To determine the level of nutrient found in a soil sample.
- 2) A soil test is important for several reasons: to optimize crop production, to protect the environment for contamination by runoff and leaching of excess fertilizers, to aid in the diagnosis of plant culture problems, to improve the nutritional balance of the growing media and to save money and conserve energy by applying only the amount of fertilizers needed.
- 3) To identify water quality of different water resources using different analytical methods.
- 4) To improve quality of water using suitable purification techniques. To provide a broad in-depth overview of important relationship between water quality and human health.
- 5) The main and basic objective of this soil and water testing program is to determine their fertility status and suitability as plant growing mediums.

Beneficiaries: - Students, Villagers, Farmers, Stakeholders from nearby villages. **Contributors:**-T.Y.B.Sc. Chemistry Students will work as volunteers during activity and staff of Chemistry Department will supervise the demonstration and activity.

Outcomes:-

Soil Analysis Course Out Comes.

- 1) Gained in depth knowledge on the pattern of soil cover.
- 2) Able to characterize for effective utilization of land for agricultural purposes.
- 3) Import Knowledge about the techniques of soil Fertility evaluation.
- 4) Clear Understanding of soil health & soil Quality indices.

Water Analysis Course Out Comes.

- 1) Understand meaning of important parameter for measuring water Quality
- 2) Water Quality Criteria & Standards and their relation to crop.
- 3) Plan water quality surveillance for a given aquatic environment and to understand water a test result means in terms of the health of the ecosystem.

Conduction of activity/content:

- 1. Students prepare a poster that shows importance of Soil & water.
- 2. Students went to farm and collected the sample.
- 3. Explain benefits of soil & water analysis & its importance in future for mankind.
- 4. Student will answer questions regarding their Quires.

Date-01/02/2023

Student Notice

All students of T. Y. B. Sc. Chemistry are hereby informed that, Department of Chemistry is going to organize an outreach activity on Soil & Water Analysis on **Saturday 04/02/2023 from 9.30 am in Khadkewake** Village. The list of Activity Coordinator and Volunteers is attached herewith.

All students must remain present in college at 8.00 am. with identity card and in college dress code.

SHIRDI SAI RURAL INSTITUTE'S

ART, SCIENCE AND COMMERCE COLLEGE, RAHATA Department Of Chemistry Soil and Water Analysis Report

Department of chemistry conducted an outreach activity Soil-Water Analysis for nearby villagers. The main and basic objective of this soil and water testing program is to determine their fertility status and suitability as plant growing mediums. Our college Conducts this program to ensure that all students, Farmers stake holders are get benefits of soil and water analysis and know its importance in future for mankind.

As a social commitment, teachers and students of our department visit nearby village Khadkewake on 4th February 2023 to determine the optimum soil & water test levels for various nutrients for specific soil and crop combination. In this activity 65 students of T.Y.B.Sc. Chemistry and 7 Teachers and 1 lab attendant participated. Student Volunteer explained benefits of soil & water analysis & its importance in future for mankind, soil test is important for several reasons: to optimize crop production, to protect the environment for contamination by runoff and leaching of excess fertilizers, to aid in the diagnosis of plant culture problems, to improve the nutritional balance of the growing media and to save money and conserve energy by applying only the amount of fertilizers needed. Farmers participated in this outreach activity.

Department of Chemistry is very thankful to Principal Dr. S. S. Gholap sir for granting permission to this activity and also to provide necessary facilities to conduct this program. Departments is also thankful to Sarpanch, all members of Grampanchayat, Villagers and visitors for kind cooperation during the activity.

To The Principal Arts, Science and Commerce College, Rahata

Subject – Regarding permission for an Outreach Activity as Soil and Water Analysis.
Sir,

Department of Chemistry is going to Organize an Outreach activity namely <u>Soil and Water Analysis</u> in Villages Kelwad on Monday 17/04/2023 from 9.30 am onwards. The students of Chemistry Department will visit the villages and will collect the samples of soil & water from Farm. They will also explain the importance of Soil-Water analysis and its advantages to the villagers. The objective of activity, list of participants is attached herewith.

Kindly give permission to conduct the activity in Kelwad on 17/04/2023. Thank you,

Arms 188

Yours Faithfully

Head Dept. Of Chemistry

Dept. of Chemistry Arts, Science & Commerce College, Rahata, Dist. Ahmednagar

Department of Chemistry Arts, Science and Commerce College, Rahata

Outreach Activity Soil & Water Analysis

Aim and objective:-

- 1) To determine the level of nutrient found in a soil sample.
- 2) A soil test is important for several reasons: to optimize crop production, to protect the environment for contamination by runoff and leaching of excess fertilizers, to aid in the diagnosis of plant culture problems, to improve the nutritional balance of the growing media and to save money and conserve energy by applying only the amount of fertilizers needed.
- 3) To identify water quality of different water resources using different analytical methods.
- 4) To improve quality of water using suitable purification techniques. To provide a broad in-depth overview of important relationship between water quality and human health.
- 5) The main and basic objective of this soil and water testing program is to determine their fertility status and suitability as plant growing mediums.

Beneficiaries: - Students, Villagers, Farmers, Stakeholders from nearby villages.

Contributors:-MSc-II Analytical Chemistry Students will work as volunteers during activity and staff of Chemistry Department will supervise the demonstration and activity.

Outcomes:-

Outcomes of Soil Analysis

- 1) Gained in depth knowledge on the pattern of soil cover.
- 2) Able to characterize for effective utilization of land for agricultural purposes.
- 3) Import Knowledge about the techniques of soil Fertility evaluation.
- 4) Clear Understanding of soil health & soil Quality indices.

Outcomes of Water Analysis

- 1) Understand meaning of important parameter for measuring water Quality
- 2) Water Quality Criteria & Standards and their relation to crop.
- 3) Plan water quality surveillance for a given aquatic environment and to understand water a test result means in terms of the health of the ecosystem.

Conduction of activity/content:

- 1. Students prepare a poster that shows importance of Soil & water.
- 2. Students went to farm and collected the sample.
- 3. Explain benefits of soil & water analysis & its importance in future for mankind.
- 4. Student will answer questions regarding their Quires.

Subject: Permission to organize Water Conservation Programme under Community Engagement Centre (CEC)...

Respected Sir,

Department of Geography is going to organize an Outreach activity namely **Water Conservation** awareness mission in village Khadkewake on Saturday **14 October 2023, from 9.30** am to onwards. The students of Geography department will visit village and will awareness about water conservation. They will also explain advantages, benefits and application of water conservation programme to the villagers. The objectives of the activity, list of participants is attached herewith.

Kindly give permission to conduct the activity in Khadkewake village on 14/10/2023.

Thank you, Yours Faithfully,

Dr. D. M. Nalage

Department of Geography Outreach Activity

Water Conservation Awareness Mission

Introduction:

Water is one of the important resources on the planet. Without water, life cannot exist. Water is used for industry and agriculture production. Water conservation refers to the preservation of water and its resources through careful planning, control, development, and management of resources. Water conservation is become very important issue in rural part of India. Most part of our country is depend on monsoon rainfall. 85 percent available water comes from the rain while the remaining 15 percent comes from the melting of snow. Almost 80 % of the water in India is used in agricultural practices. The rainfall in India is very irregular. There is large variable in rainfall in year to year. Water scarcity is caused by an uncontrollable rise in the population. Through rainwater harvesting the level of underground potable water is increased through the increase in the water table.

Dept. of Geography take efforts in the field of water conservation. Firstly dept. selected a village namely Khadkewake for conduct various activity in the village Khadkewake. Department of Geography focused on Modern Irrigation methods, Rally on water conservation, Discuss with local farmers on water issues, Poser presentation, Presidion farming, Importune of water and other issues.

Social Commitment:

Dept. of Geography teaching to the students on agriculture development, Population, Human resources, new techniques in various fields. Social development is one of the important responsibility of each person. The social worker should focus on water conservation programme in rural areas.

About Activity:

Dept. of Geography has organized outreach activity on Water Conservation Awareness Mission at village Khadkewake on Saturday 14 October 2023. The nature of activity as follows.

Organize rally on water conservation

Poster presentation in rally on water conservation

To discuss with farmers on water conservation

To arrange lecture on water conservation.

Aims and Objective:

- 1. To create awareness about use of water conservation process
- 2. To guide students, farmers, citizens about water conservation
- 3. To conduct a rally about water conservation by presentation of poster
- 4. To motivate and encourage the students, farmers and citizens. For use of water conservation

Beneficiary: Students, farmers, citizen's stakeholders from nearby villages

Contributors: Students of SYBA and TYBA Geography will work as volunteers during activity and staff of Geography department will supervise the activity.

Outcome: Students/farmers and citizens will learn following things from this activity:

- 1. They will learn about techniques of water conservation
- 2. Students and farmers will acquire skills of various methods of water conservation.
- 3. Students and citizens get knowledge about working and operation of various methods like Sustainable agriculture, Soil conservation, Water dam, efficient water system, Water managements Close Contour Trenches (CCT) etc.
- 4. They will understand necessity of water conservation for their future.

Conduction of activity /content:

- 1. Students prepare a poster of water conservation showing various methods.
- 2. Students give information of various water conservation methods.
- 3. Students will answer question regarding water conservation methods.
- 4. Students clarify curries of farmers and citizens and encourage to gives water conservation methods
- 5. Explain benefits of water conservation and its scope in future for mankind.

Dr. D. M. Nalage

Notice

All students of the SYBA and TYBA Geography are hereby informed that Dept. of Geography is going to organize an Outreach activity on "Water Conservation awareness Mission" on Saturday 14/10/2023 from 9.30 am onwards in Khadkewake village.

All students must remain present in college at 8.0 am with identity card and in college dress code.

Dr. D. M. Nalage

Shirdi Sai Rural Institutes,

DEPARTMENT OF GEOGRAPHY AND NSS Organized,

"Water Conservation Programme"

Under Community Engagement Centre (CEC)

REPORT

Department of Geography conducted an outreach activity on "Water Conservation" awareness mission in village Khadkewake on 14th October 2023. Our activity focus on raising awareness in villagers about water conservation methods. Our college conduct this programme to ensure that all the students, stakeholders are get engaged and be motivated for the use of water conservation methods.

As a social commitment, teachers and students of our department visit in village Khadkewake on Saturday 14 October 2023 to promote use of water conservation methods. Students of the department explained Sustainable agriculture, Soil conservation, Water dam, efficient water system, Water managements, Close Contour Trenches (CCT) etc. Students organize rally which presented various poster on water conservation methods. During the rally students also created awareness about importance of water, modern irrigation methods, Precision farming, water dam etc. School students and villagers visited and participated in this outreach activity. 27 students of the dept. of Geography and 30 farmers were participated in this programme.

Department t of Geography is very thankful to Director and Prin. Prof. Dr. S. S. Gholap sir for granting permission to this activity and also to provide necessary facilities to conduct this programme. Department is also thankful to Sarpanch, all members of Grampanchyata, Villagers for kind cooperation during the activity.

4.8 National Conference on Organic Farming

Organic farming promotes sustainable agriculture through natural methods, avoiding synthetic chemicals while prioritizing soil health. It conserves water by minimum water contamination hence promoting efficient water resource utilization.

Detail Report in Section 3.5 (Click on 3.5 for detail information)

4.9 College-Managed Farm Pond: Maintenance and Utilization

The farm pond of the college is the heart of the campus which provides continuous water supply to keep the campus green and sustainable. The institute takes effective measures for water quality. It's not just a pretty sight; it's also super useful! During the summers the pond provides drinking water for everyone on campus and acts as a lifesaver for the herbal garden, Botanical garden, and Sapota garden.

4.10 Implementing Drip Irrigation for Campus Greenery Maintenance

The institute enhances the sustainability and maintain greenery through the adoption of drip irrigation. It offers several advantages, including water efficiency, weed and disease control, and labor savings. Although there are initial investment and maintenance costs, we reserve the funds to support this initiative. Drip irrigation aligns with our commitment to innovation and environmental responsibility, offering a practical solution for efficient water management and maintaining the campus evergreen.

5 Green Campus Initiatives:

Importance of green campus initiatives:

Green campus is a concept to build sustainable living practices that are environmental friendly in educational institutions. A sustainable environment on college campus impacts students' lives positively. With a single-use Plastic ban, we ensure reduction in pollution, which also reduces the demand for plastic production that's contributing to global climate change. The battery-powered vehicles and bicycles are important, as it reduces the use of conventional fuels and also prevent the release of harmful pollutants into the atmosphere.

Measures Employed:

Efforts are being made to develop the campus on green concepts, particularly focusing on water conservation, the use of alternative sources of energy, solid waste management, vermicomposting, and sustainable architectural designs of buildings.

Important steps have been taken to limit the use of plastic by spreading awareness among the students about the consequences of plastic use. Notices and various banners are used in the main building as well as in entire campus so the students get aware of the advantages of the use of bicycles and battery-powered vehicles and the same is promoted.

Report on Green and plastic-free campus Initiatives:

Green campus initiatives:

The college campus is spared over 21 acres of land. All area is covered with proper plantation and good landscaping. The NSS department plays a vital role in tree plantation every year. The tree plantation is arranged in campus on the occasion of International Environment Day, NSS Foundation Day, Birth Anniversary of Padmashri Dr. Vitthalrao Vikhe Patil, etc. The college have established Herbal garden, Botanical garden, Sapota garden, Mango garden and tamarin garden.

NSS organized the Tree plantation program for environmental awareness at the college.

Department of Botany (2022-23)

"Distribution of Medicinal Plant Saplings"

The Department of Botany initiated a program to distribute medicinal plants in various communities as part of our commitment to promoting environmental awareness and the significance of herbal remedies for health and wellness. A diverse range of medicinal plants renowned for their therapeutic properties were carefully selected based on their suitability for local climates and their healing properties. Plants such as Gulvel, Amla, Arjuna, Neem and Adulsa were included in the distribution list. Previous to the distribution event, meticulous planning was conducted to ensure the smooth execution of the program. Plants were sourced from local nurseries and checked for their quality and health.

The Department of Botany remains dedicated to further initiatives aimed at promoting the cultivation of medicinal plants, fostering environmental consciousness, and empowering communities through knowledge and resources.

During the year various medicinal plants are distributed in the month of July and August 2023 among the farmers / villagers to aware and preservation of medicinal plants.

To,

The Principal

Arts, Science and Commerce College, Rahata

Subject - Regarding permission for Distribution of Medicinal Plants.

Respected Sir,

With reference to above mention subject our Department of Botany is organizing awareness and distribution of medicinal plants in Khadakewake, Taluka-Rahata on 13 July 2022 and 22 August 2022 at 10.00 am.

Kindly, grant us permission to conduct the activity in Khadakewake.

Thank you,

Road

Yours Faithfully

Department of Botany

"Distribution of Medicinal Plants"

Aims and Objectives-

This initiative aimed to promote the cultivation and use of medicinal plants among the community.

- 1. Encouraging individuals and societies to grow medicinal plants for personal use and public health benefits.
- 2. Educating participants about the importance of medicinal plants in healthcare and biodiversity conservation.

Beneficiaries- Students, Villagers, and Stakeholder from nearby villages.

Outcomes-

- 1. Contribution to biodiversity conservation through the cultivation and preservation of medicinal plant species.
- 2. Community members actively participated in adopting medicinal plant cultivation around homes, for developing home garden and at common spaces.
- 3. Enhanced knowledge among participants regarding the medicinal properties of plants.
- 4. The cultivation and use of medicinal plants have provided local producers with economic opportunities and empowered the community economically.
- 5. This activity has helped in the conservation of indigenous medicinal species.
- 6. The community is using Gulvel as an immunity booster, Adulsa leaves are used to control cough and throat infections, Amla is consumed which provides vitamin c, the boiled extract of lemon grass, ginger, ossimum and jaggery is used as an antipyretic.

"Distribution of Medicinal Plants"

Report

The Department of Botany initiated a program to distribute medicinal plants in various people as part of our promise to promoting environmental awareness and the significance of herbal remedies for health and wellness.

Department of Botany Organized a medicinal plant distribution on 13th July 2022 and 22nd August 2022, under the guidance of Principal Prof. Sanjay Lahare. Medicinal plant distribution events were held at Khadkewake, involving participants including 17 students, 3 staff, and 40 peoples. The event focused on distributing plants such as Tulsi, Aloe Vera, and Adulsa, Neem and Arjun etc., These initiatives aimed to promote traditional healthcare practices, enhance local biodiversity, and raise awareness about the health benefits of medicinal plants.

Principal Prof. Sanjay Lahare provided valuable insights on the usage and care of these plants, ensuring that participants understood their importance and fostering a community-driven approach to sustainable health practices.

"Tree Plantation"

Aims and Objectives-

Tree plantation initiatives may vary based on local needs and environmental condition, but overall, these effort are critical for maintaining a health and sustainable environment for current and future generations.

Beneficiaries- Student, Villagers, Stakeholder from nearby activity.

Contributors- Student of SY BSc and TY BSc Botany will work as volunteers during activity and Staff of Botany Department.

Outcomes-

- 1. Improved air quality due to increased oxygen production and reduced pollution.
- 2. Habitat creation for local wildlife.
- 3. Trees provide shelter and food for wildlife, contributing to biodiversity conservation.
- 4. Tree roots help control the flow of water, reducing the risk of flooding.

"Tree Plantation"

Report

The Department of Botany at Arts, Science and Commerce College Rahata organized a tree plantation event on 17 April 2023 in the pleasant village of Khadakewake. The primary objective of this event was to promote environmental conservation and create awareness about the importance of trees and their role in maintaining ecological balance.

The event commenced with an inaugural ceremony, attended by faculty members, students, and local community members. The ceremony began with a prayer for the success of the plantation drive. The tree plantation event garnered enthusiastic participation from students, faculty, and members of the local community. The diverse group of participants reflected the collective commitment to environmental conservation.

The Department of Botany chose a strategic location in Khadakewake for the plantation drive. The selected site had been identified as an area in need of reforestation due to deforestation and ecological degradation. Various native and ecologically suitable tree species were carefully chosen for plantation. This selection aimed to restore the local ecosystem and support the biodiversity of the region. Participants, including students and community members, actively engaged in planting the selected saplings. Proper planting techniques were demonstrated, emphasizing the importance of ensuring the survival and growth of the newly planted trees.

The tree plantation event organized by the Department of Botany at Arts, Science and Commerce College Rahata in Khadakewake was a resounding success. It brought together people from diverse backgrounds to contribute towards a greener and more sustainable future. The initiative not only helped in replenishing the local green cover but also raised awareness about the vital role trees play in maintaining ecological balance and conserving the environment.

The Department of Botany is committed to fostering a sense of environmental responsibility and plans to organize similar events in the future to continue the noble cause of tree plantation and environmental conservation.

Shirdi Sai Rural Institute's ARTS, SCIENCE AND COMMERCE COLLEGE, RAHATA Department of Botany

In collaboration with IQAC and Students Development Board, SPPU, Pune

Organized

"Workshop on Conservation, Cultivation and Enrichment of Medicinal Plants"

Report

Department of Botany of Shirdi Sai Rural Institute's Arts, Science and Commerce, Rahata in IQAC and Students Development Board, SPPU, Pune organized a "Workshop on Conservation, Cultivation and Enrichment of Medicinal Plants" on Saturday, 4 March 2023 for the students. The Chief Guest Dr. Anil Wable, Vice-Principal, PVP College, Pravaranagar, and Dr. Deepak Gholap, Vice-Principal, ACS College, Satral, President Prof. (Dr.) S.S. Gholap, Principal, and Prof. Anil Mate, Student Welfare Officer, etc. were present for the workshop. Prof. S. V. Lahare, vice-principal, Science Faculty introduced and welcomed the guest and gave brief notes about the program.

The Chief Guest Dr. Deepak Gholap explained the importance of medicinal plants from the point of view of medical science in day-to-day life. He said if the medicinal plants are conserved, it will benefit us in the future. The second chief guest Dr. Anil Wable first introduced medicinal plants and also informed the students how many medicinal plants are preserved at Kalsubai and Harishchandra Gad in Maharashtra. Adding to this he mentioned how today's, youths have low immunity, premature graying of hair, hair loss, various skin diseases, etc.

For this, the youth should increase the use of chemical-free herbs in their diet. Various types of dry fruits increase immunity, and intelligence and keep the body hydrated. The President Prof. (Dr.) S.S. Gholap assured that the medicinal plants are the need of an hour and its benefits must have reached the students through this workshop.

This initiative of Savitribai Phule Pune University, Pune is beneficial for students and therefore all students should conserve medicinal plant. A total of 9 staff members participated in the workshop and 92 students benefitted from it.

ACTIVITY DETAILS

Introduction-

A medicinal plant is any plant which, in one or more of its organs, contains substances that can be used for therapeutic purposes or which are precursors for the synthesis of useful drugs. This description makes it possible to distinguish between medicinal plants whose therapeutic properties and constituents have been established scientifically, and plants that are regarded as medicinal but which have not yet been subjected to a thorough scientific study.

Social Commitments:

- 1. Encouragement of cultivation and conservation of Plants.
- 2. To create optimum awareness and interest amongst the common people about Medicinal **Plants**
- 3. To conserve the bio-diversity of Medicinal Plants.
- 4. To develop awareness for utilization of herbal medicines for home remedies.

About Activity-

A plantation program of medicinal plants was organized by the Department of Botany, Arts, Science and Commerce College, Rahata in the village Khadkewake on 11th August 2022. The students of Botany department along with faculty planted saplings of medicinal plants in college campus and in the village Khadkewake as a initiative to spread awareness about the importance of plantation, forest conservation and to save the environment. Our students also educated the people about the benefits of plants especially medicinal plants.

Outcomes-

- 1. Students and villagers get an awareness of medicinal plants.
- 2. Students understand the value of medicinal plants and their conservation.
- 3. Villagers attentive about usefulness of plants in treatment of diseases.
- 4. Students decided to plant more medicinal plants in their home garden and field.

Conclusion -

Department of Botany is actively participated in the conservation and plantation programme during the year to aware people and students about the value of medicinal plants. They provided useful information regarding the use, conservation and plantation of the medicinal plants.

"Tree Plantation Programme"

Aims and Objectives-

The purpose of tree planatation is to save the endangered environment and to beautify our life. Trees are valuable gifts of nature. Plants are best friends of human being.

Trees give off oxygen that we need to breathe. Trees provide food, protection and homes for many birds and mammals.

Beneficiaries- Student, Villagers, Stakeholder from nearby activity.

Contributors- Student of S.Y. B.Sc. and T.Y. B.Sc. Botany will work as volunteers during activity and Staff of Botany Department.

Outcomes-

- 1. Students and villagers get an awareness of medicinal plants.
- 2. Students understand the value of medicinal plants and their conservation.
- 3. Villagers attentive about usefulness of plants in treatment of diseases.
- 4. Students decided to plant more medicinal plants in their home garden and field.

Celebrating
Silver Jubilee Year of Shirdi Sai Rural Institute
and
Swarajya Mahotsav- 2022
On this occasion
Department NCC and NSS

Jointly organized

"ZADE LAVA ZADE JAGVA ABHIYAN – 2022"

Date- 11th August, 2022 and 12th August, 2022

REPORT

Department of NCC and NSS of Arts, Science and Commerce College, Rahata has been jointly organized "Zade Lava Zade Jagva Abhiyan 2022" on 11th August, 2022 and 12th August, 2022 under the guidance of Hon. Director Dr. Mahesh Kharde sir and Hon. Principal Prof. Sanjay Lahare Sir. This programme was organized for the reason that trees are very important in human life. We call the doctor who gives us oxygen for an hour as God and we do not value the trees which give us oxygen for the whole life. When we plant trees, greenery will spread around, pollution will be reduced, and air will be clean. Today the number of trees is decreasing due to which the balance of the environment is disturbed and its consequences are being suffered by man. So it is very important to plant trees and it is more important to take care of them. Even if one tree is planted from each house, there will be many trees. Planting and maintaining roadside trees will definitely benefit the travelers and also keep the environment under control. So keep those things in mind the said program was organized and planned to plant medicinal plants in nearby villages of Rahata Tahsil.

In this event we planted about 200 various kinds of plants with the help of our NCC Girls cadets, NSS volunteers and all teaching and non teaching staff of the college. Dr. V. S. Patil and Dr. S. R. Potdar have been taken efforts for the successful completion of the programme. Efforts have been taken to create awareness amongst the about tree plantation. So we aware them about all should plant trees. Trees are very important in human life. It is because of this that we get the oxygen we need. Also, the three basic needs of man are fulfilled from the tree, food, clothing and shelter. Tree is nature's gift to man. There is an unbreakable relationship between human life and trees. Trees are the beauty of nature. So we should preserve this beauty of nature and also enjoy it. For that we need to plant maximum number of trees.

Subject: Permission to Organize Tree plantation Programme at college.....

Respected Sir,

The NSS department of our college is planning to plant trees of various types at our college by the NSS volunteer on 01/07/2020 to 08/07/2020 and aware to the students for environment awareness. So, I kindly request you to grant permission for the **tree plantation** program.

Thanking you,

Marrey

Yours Faithfully Dr.D.N.Dange (NSS Program Officer)

Arts, Science and Commerce College, Rahata National Service Scheme Tree Plantation Programme Report

The NSS unit of the college was organizing the Tree plantation program in the academic year of 2020-21 at the college under environment awareness for the duration 1st to 8th July 2020. NSS Department takes various activities like Clean the Campus, Tree plantation and conservation, free plastic campus and awareness program on cleanliness and also environment awareness program among the students by online mode. At that time 50 kadunimb trees are planted this week at the college campus under the environment awareness program. Some NSS students and 15 teaching and non-teaching staff are involved in this activity. In that time we have followed all government instructions about covid-19. College staff and NSS volunteers have decided to save the trees and help us for the developing the trees. Prof. D. N. Dange has told the students about the benefits and importance of trees in our life. This program was taking the NSS Program Officer Prof. D. N. Dange.

Herbal Garden

Organizing Unit: Department of Botany

Date: 03/09/2021

Number of Participants: Staff-04, Students-22

Academic Year: 2021-22.

Shirdi Sai Rural Institute's

Arts, Science and Commerce College, Rahata Department of Botany

"Herbal Garden"

Report

Department of Botany has established Herbal garden in the college campus. These plants are provided to farmers, who use them as hosts on their farmlands. The garden was inaugurated by Hon'ble Shri. Radhakrushna Vikhe Patil, MLA and Ex-Minister, Govt. of Maharashtra. Dr. Arun Gurav- Assistant Director Incharge, Regional Ayurveda Research Institute, Ministry of AYUSH, Govt. of India, the institution successfully inaugurated an herbal garden on 3rd September 2021. The herbal garden is dedicated to cultivating a variety of medicinal plants. This initiative aimed to promote the use of natural remedies, educate students on the importance of medicinal plants, and contribute to the conservation of valuable plant species. The event was marked by the participation of 22 enthusiastic students and esteemed guests, including Hon'ble Dr. Radhakrushna Vikhe Patil (MLA and Ex-Minister, Govt. of Maharashtra.), who inaugurated the program.

Objectives

- 1. To establish a diverse herbal garden featuring a variety of medicinal plants.
- 2. To educate students about the benefits of Ayurvedic medicine and sustainable agriculture.

Mr. Sanjay Lahare, Principal introduced the guests and set the tone for the event, Hon'ble Radhakrushna Vikhe Patil delivered an insightful speech, emphasizing the importance of Ayurvedic medicine, especially during the pandemic. He highlighted how medicinal plants can boost immunity and serve as natural remedies for various ailments.

An informative session was conducted to educate students on the medicinal properties and benefits of the planted species. This session aimed to deepen their understanding of Ayurvedic practices and the importance of preserving such plants. 22 students actively participated in planting a total of 80 medicinal plants in the herbal garden.

The plants included:

- 1. Rita graveolens
- 2. Mimosa pudica
- 3. Hibiscus rosa-synensis
- 4. Tinospora cordifolia
- 6. Nyctanthes arbortristis
- 7. Acacia catechu willd.
- 8. Plumbago rosea Linn
- 9. Osimum Sp.

Outcomes-

1. Successful Establishment of the Herbal Garden:

A variety of 80 medicinal plants were successfully planted and are thriving in the garden, contributing to the biodiversity of our campus as mentioned in the Table.1.

2. Enhanced Student Awareness and Engagement:

Students gained practical knowledge about medicinal plants and their uses, fostering a sense of responsibility towards environmental sustainability and natural health practices.

3. Community and Institutional Impact:

 The initiative highlighted the importance of Ayurvedic medicine and natural remedies, promoting a healthier lifestyle among the campus community.

6 Disabled-friendly, barrier-free environment

• Need for a disabled-free, Barrier Free Environment:

An accessible barrier-free environment is very important step towards fulfilling the rights of people with disabilities to participate in all areas of community life. A barrier-free Environment enables people with disabilities to move about safely and freely and to use the facilities within the built environment.

Measures Employed:

Understanding the needs of specially-abled people Institutions have taken significant steps by providing a ramp on the ground floor of the building. Disabled free washroom, walker, and wheelchair are also made available. The college also conducts various programs for differently abled students.

Report on Disabled-Friendly barrier-free students:

The institution provides dedicated support for disabled students, including assistance with admission form completion by staff members. The staff also helps with exam preparation, internal tests, course-related issues and online class-related queries.

The institution offers a disability-friendly, barrier-free environment with ramps for easy classroom access and human assistance for inquiries and information. Additionally, it provides facilities such as fee installment options to support disabled students.
